Traffic Is An Irritant In Raytheon Project

Traffic remains a principal irritant to neighbors of the Raytheon plant in West Andover, according to views expressed at a hearing on the proposed plant expansion Monday night.

The Monday hearing, conducted by David Erickson, chairman of the planning board, was a preliminary to a Dec. 11 special town meeting to act on a request for \$150,000 to construct a new sewer line to service a proposed \$10-\$12 million expansion of the Raytheon plant.

Joseph Glaser, Raytheon vice president and manager of the Andover plant, in-

formed residents and town officials that the expansion of the facility is to accommodate the operations now housed at the Shawsheen Mills building. In actuality, Glaser said, it brings the building almost to the 1,500,000 square footage proposed when the plant was constructed in 1969.

When the town approved rezoning and utility line construction funds at a special town meeting in 1968, a sewer line to carry 1,000 gallons per minute was stipulated.

But since the line has been built, it carries only 750 gallons due to peaks and valleys created by having to bypass

easements, Public Works Director Robert E. McQuade told the group.

McQuade said that if the line built in 1968 had been meeting the demand, there would be no need for construction of the additional sewer pipe.

Since the town has not met the 1968 commitment, the new \$150,000 project is necessary.

Asked if the corrective measure would be sufficient, McQuade responded that as long as he was here, "I won't leave such a

Change In Scope Of School Project Is Studied

Examining Town's Growth

Building Inspector William Meins and Community Development Director Rhys Kear examine some of the areas experiencing rapid growth in Andover. Kear assumed his new duties earlier this month in the new post of community development, an agency created to identify growth problems and co-ordinate efforts of the planning, building, health and conservation departments.

School building committee members, school and town officials were conducting a "think tank" session Wednesday night relative to the school construction project which will head to town meeting next April.

The representatives were basically preparing to go to a special town meeting on Dec. 11 asking the voters to approve an amendment to the article approved last April which provided planning funds for the \$10 million renovation-construction project for East Junior and the high schools.

It now appears almost certain that when cost figures are examined, it will be wiser for the town to move toward a complete new building to replace the East Junior High rather than to renovate the structure and add some classrooms as originally planned.

Also, the \$10 million proposed to do the renovation and also build an auditorium-classroom structure on the Shawsheen road campus, will be insufficient.

Town Manager Jared S. A. Clark said this week that the Wednesday night session was aimed at looking at the education priorities for the East Junior High and focus on the cost factors now available on renovations vs. new construction.

Town meeting on Dec. 11 will be asked to amend the April article, which stipulated renovation and some addition to East Junior High, to now read "or new construction of a replacement facility at a site within the town of Andover on land owned by the town."

The item is necessary to provide the building committee and the manager with the alternative to proceed with a replacement facility, if it is deemed necessary to move in that direction.

Clark pointed out that the School Building Assistance Commission has

noted that the closeness of costs at this point would almost dictate new construction.

Also, experience in the renovation vs. building a new area, has resulted in the balance shifting to new construction.

Recently, Lowell sought bids on a school renovation project and had only two proposals, both of which were over the proposed budget for the project.

Renovation, Clark pointed out, is always difficult, particularly in older buildings, since there are unknowns once construction gets underway.

A new building, which would be placed in proximity to the East Junior High, probably to the rear of Doherty and toward Stowe School, could alleviate double sessions which are proposed if the renovation project is approved.

In addition to the East Junior high portion of the project, school and town officials are also looking at the auditorium-classroom building for the high school campus.

Clark indicated that the total project cost at present is at least ten per cent more than the original projection of \$10 million given at town meeting last year.

This will have to be examined in the months as the project moves toward next April's annual town meeting.

In April the town meeting vote was for the total project.

The non-binding Question 8 on the ballot was overwhelmingly approved by Andover voters.

Clark told selectmen Monday night that the town must be aware of that vote and its effect on the capital budget program, which includes school construction.

If a cap is placed on taxes by legislative action into the next couple of years, the town's bonding ability would be effected along with what it could provide in the way of municipal services. If tax cap is not ex-

Tomlinson Cited For Research

Dale H. Tomlinson, son of Mr. and Mrs. John Tomlinson of 33 Bancroft Road, has been presented with the Department of the Army Research and Development Award, one of 64 awarded nationwide, at Tooele, Utah Army Depot.

The award is in recognition of Tomlinson's technical work on the "Real-Time Monitor" project at Edgewood Arsenal, Maryland, the goal of which was to develop an instrument capable of detecting toxic chemical agents in air. The instrumentation developed has potential for use within industries concerned with monitoring ultra-low levels of certain pesticides.

The annual awards were initiated in 1961 as the most prestigious recognition the Army bestows for laboratory research and development which results in scientific advancements of military importance and/or which contribute to the national welfare.

Tomlinson, a graduate of Andover High School and Bowdoin College, served in Alaska and Maryland with the U.S. Army, attaining the rank of captain. He has been employed as a civilian chemist at Tooele Army Depot since 1976. He is married to the former Lynda Mary Morris of Edgewood, Md.

Holiday Book Fair At West

The West Elementary P.T.O. is sponsoring its Holiday Book Fair on Monday, Nov. 20 and Tuesday, Nov. 21, in the school auditorium. Items will be on sale between the hours of 9 a.m.- 2 p.m. and 6:30-8 p.m. on both days.

Parents, teacher, and students will find a great selection of books for all ages and for most interests. Puzzles, calendars, and coloring books, all supplied by the Educational Paper Back Company, will also be on sale. Proceeds will be used for field trips and other ongoing school projects.

Purchasing Agent Appointment Due Soon

Appointment of a purchasing agent for the town is expected to be made soon, following the screening of several candidates for the post vacated by Ronald W. Clifford.

Clifford had served a little over a year in the position before accepting a similar position with a Boston hospital.

Town Manager Jared S.A. Clark, Supt. of Schools Kenneth R. Seifert, Collector-Treasurer Myron H. Muise and Auditor Wendell Mattheson are involved in the screening of applicants.

Clark informed selectmen this week that the purchasing department will be on a central services basis, rather than a centralized purchasing approach for the town-

school departments.

The purchasing agent will be responsible for large item buying, concentrating on areas where significant savings can be realized.

The appointee will be monitoring the purchasing activities of all departments advising where savings can be made, effecting group purchasing where possible and taking advantage of co-operative buying either through various departments, or with other communities.

The effort is aimed at smoothing our problems and paper work within the department while maintaining the concept of central purchasing. There were over 40 applicants for the position.

Police Dept. Grievance Is Heard

A grievance against the town brought by the police department involving seniority and longevity, was heard by Town Manager Jared S.A. Clark at a meeting with the police union last week, with no resolve being reached.

The issue involves the rehiring of a police officer in April of 1974, Clark told selectmen this week, advising them that the case would probably be headed for legal recourse.

Tax Bills In Mail

Town of Andover tax bills are in the mail.

First half payment will be due Dec. 4, 1978. Interest at 10 per cent will be payable from Nov. 4, on late bills.

The tax office will be open Monday through Friday, 8:30-4:40 p.m., Monday nights Nov. 20 and 27, and Dec. 4, 6 p.m. - 8 p.m. If anyone does not receive a bill, contact the tax office.

Solid Waste Hearing Tonight

The Andover Solid Waste Study Committee will hold a public hearing on Thursday, Nov. 16, at the Water Treatment Plant. The committee is charged with making recommendation to the Selectmen and the Town concerning what immediate and long term steps the town shall take for disposal of its trash.

The committee invites members of the public to appear and give their opinion on this subject.

Among the options being considered by the committee are:

Continuation of the present system of private contractor's pick-up and disposal.

Joining the North Essex Regional Solid Waste Disposal District.

Construction and operation of a Town owned incinerator to be located in Andover.

Landfill.

The joining of other regional projects.

Additionally, the committee is considering what the place of recycling will be in each of the options available to the town.

Open House Scheduled At High School

Open House programs are scheduled for Andover High School on Thursday, Nov. 30, and Wednesday, Dec. 6.

Both programs will run from 7 to 9 p.m. Parents whose names begin

from A to L are requested to attend the first evening and those from M to Z the second evening.

The program for both evenings will consist of short parent-teacher visitations.

Showcase Series To Open

The music department, Andover public schools, will present "Showcase Series", the first in a series of five concerts, on Thursday, Nov. 16, 7:30 p.m. at the West Jr. High Auditorium. Featured will be the High School Choral Groups directed by Keith H. Gould, and J. Everett Collins, and the All Schools Orchestra under the direction of Linda Roby.

Guest soloist with the all schools orchestra will be Paul David Roby, 12 years old, who is presently studying with Mary Hess of Boston University and the Longy School of Music. Paul was a finalist in the Mass Music Teacher's Violin Competition in 1978 and has soloed with the New Hampshire Philharmonic Orchestra and was in recital at Meadowmount School of Music and Longy Young Performers Group.

The orchestra has recently been reorganized under Mrs. Roby's direction. This is her fourth year in the Andover school system. She has studied string class methods recently with Robert Culver at the Univ. of Michigan. Mrs. Roby received the Master of Arts in music history degree from the University of Missouri and has had additional graduate study at Northwestern University.

Tickets will be available at the door and

may also be purchased at Thompson's, Liggetts, Cole Paint and Hardware and Andover high school music office.

Continental Soldier's Life Is Feature

A delayed echo from the battles of the American Revolution will be heard Thursday, Nov. 16 at 8 p.m. at the South Church where the Andover Historical Society will present "The Life of a Continental Soldier 1776-1782."

This historical military demonstration is put on by the newly reactivated 5th Mass. Regiment. The original 5th Mass. Regt. was raised and equipped on Oct. 16, 1776 under Col. Rufus Putnam as part of the Continental Army.

During this country's struggle for freedom, the 5th Mass. Regt. fought with honor at White Plains, Valley Forge Saratoga, Brandywine and Yorktown.

The reactivated 5th had made every effort to ensure that it recreates as closely as possible all the mannerisms and disciplines pertinent to the Continental soldier of 200 years ago. Their uniforms follow the specifications set down in George Washington's regulations of 1779. This is an example of living history.

Arrangements for this program were made by Mrs. Norma Gammon, program chairman for the historical society.

Ruth F. Wynn

Watercolors On Exhibit

The watercolor paintings of Ruth F. Wynn of Waltham are currently on display at Memorial Hall Library.

Ms. Wynn attended the Museum School of the Boston Museum of Fine Arts and Massachusetts College of Art. She is a member of the Guild of Boston Artists, Boston Watercolor Society, American Watercolor Society, Salamagundi Art

Association and the Rockport Art Association.

Her exhibitions include the Museum of Fine Arts, Boston; Allied Artists of America, N.Y.; National Academy, N.Y.; American Watercolor Society, N.Y.; and the Springfield Museum of Fine Arts.

Among the numerous awards she has received are the Allied Artists Award and the Chetcuti Award, Rockport.

Tot Classes Offered

The Greater Lawrence Y.W.C.A. Winter Term begins the week of Nov. 20 through the end of the week of Jan. 20, with exciting classes offered for the tots. On Tuesday and Wednesday a school readiness program is offered for tots between the ages of four and six. This is a three-hour program filled with gym activities, swimming lessons, arts and crafts, language, story telling and some music. Children may be registered for one or two days; that is on Tuesday and/or Wednesday. This program is organized to prepare the child for school.

Tot crafts is offered on Tuesdays from 2-2:30 p.m. and Friday from 9:30-10 a.m. In this class, all types of media are used to make the child more aware of the arts and become more creative. Projects with clay, paper, beads, floss balls and much more. There is a tot cooking class on Friday from 10:10-10:45 a.m. An instructor will guide the child into becoming a family chef. With recipes such as spaghetti, hamburgers, pizza's, open face sandwiches, easy apple crisp, ice cream cone cupcakes, and much, much more.

Enrollment in each class is limited. Call the YWCA for further information about these or other classes.

Slide Show

On Monday evening at 7:45, Dec. 4, in the Barn of the Massachusetts Audubon Ipswich River Wildlife Sanctuary in Topsfield, Maury Mills of the U. S. Fish and Wildlife Service will present a program on the little known Rachel Carson and Moose Horn Refuge which are located in Maine.

Maury's program will consist of a slide show and a talk.

Anyone interested in Maury's presentation is invited to attend this program. A small registration fee of 50 cents is requested.

Preceding the program the Club will have it's annual meeting starting at 7:30 p.m. in the Sanctuary Barn.

Christmas Window Contest Is Planned

The Christmas window display contest will be repeated this year by popular demand.

According to Amy Bernardin of the Andover Center Merchants, each merchant will dress his window with a Christmas scene, and the general public will vote on their favorites.

Ballots and deposit boxes will be available at the following banks: Arlington Trust Co. at Shawsheen Plaza; Essex Broadway Savings Bank at 211 No. Main St.; Bay State National Bank; BayBank Merrimack Valley; Lawrence

Cooperative Bank and the Andover Savings Bank.

The ballots will be counted Dec. 18, with the winner of the "best window" announced in THE TOWNSMAN Dec. 21. A

framed certificate will also be presented to the winning merchant.

Also in the spirit of Christmas, school choral groups will be carolling on Main Street during the daylight hours of the

Christmas season, with adult groups taking over in the evenings.

Victoria Rauser, chairman of the Carolling Committee for the Center Merchants, has expressed her appreciation for the response from carolling groups so far, and asks them to contact the Chamber of Commerce office to reserve a date and time for singing.

To Explain Congregate Housing

Congregate housing is an alternative living arrangement for older people who want to maintain private living quarters yet be relieved of the day to day responsibilities of cooking, household chores and home maintenance.

Julie Hall, a congregate living establishment, is scheduled to open in February. On Thursday, Nov. 16, from 2-4 p.m. all people who are interested in investigating this new concept are invited for coffee and an informational meeting at Nevins Home, 110 Broadway, Methuen.

Resident Named To Academy

The Upjohn Company has honored Jerome M. Arnold by naming him to the Upjohn Academy.

Upjohn established the academy in 1962 to recognize and honor employees' superior professional achievement during the previous year.

Arnold joined the company in 1963 and is now a Hospital Sales Representative, Boston Area.

Arnold and his wife, Deanna, have two children and reside in Andover.

The Upjohn Company is a research-oriented worldwide producer and marketer of pharmaceutical products and services, chemicals and agricultural specialties.

Freezing Foods

Although frozen foods have been available only since 1930, the idea of freezing foods goes back centuries. In fact, Sir Francis Bacon, the 17th Century English writer-statesman-philosopher, attempted to freeze chickens by stuffing them with snow.

ABC Fund Drive Marks Decade Of Service

Andover ABC (A Better Chance), on the heels of its 10th anniversary celebration, has launched a major fundraising drive to insure operation for the next three years.

The campaign is being carried to fellow residents by a host of volunteer solicitors.

ABC, which has become something of an institution here, is designed to give the Andover High and Andover community experience to disadvantaged youths, to help increase their chances of success in college and careers.

In 10 years, some 44 minority youths have graduated from the program. They came from the inner-city as well as small towns and have gone on to such schools as Bowdoin, Colgate, Lesley, Dartmouth, Duke, Temple, Middlebury, Drexel, Wesleyan, Harvard, Northwestern, Yale, Trinity and Tufts.

Presently, 11 young people live in the ABAC dorm at 134 Main St., with Resident Directors Kathleen and Tom McGee and two Merrimack College student tutors. Academic discipline is a major part of the program; the students are required to study three hours each night and over the years, 70 to 80 percent have traditionally been on the Honor Roll.

Generally the youths come to Andover as sophomores, so they will have all three years of high school here. The current fund-raising effort is also geared to that timetable, so new pledges will help carry sophomores who arrive next fall all the way through to graduation.

While ABC is a national program, Andover ABC is completely funded by Andover residents, churches and businesses. There are no state or other public funds.

Heading this campaign is Dave Corbett, along with ABC President Doug Mitchell and Bill Washburn. Solicitors include Harriet Ahouse, Phil Allen, Janis Baron, George Bixby, Dick Chapell, Virginia Cole, Dick Collins, Dick Cunningham, Joe Dorsey, Ruth Dunbar, Helen Eccles, Don Ellsworth, Bob Friedenson, Norma Gammon, Bill Gray, Vahey Gulizian, Nancy Jones, Bob Kenney, Leonard Kent, Bob Klie, Mark Kovacs, Frank Leith, Theda Logan, Dick Marciano, Phil Marsden, Milt Meyers, Judith Miller, Don Mulvey, Betty Neisser, Peter Olney, Esther Parson, John Riehl, Dave Robichaud, Jan Sagaser, Bill Scheerer, Bill Stevens, Norm Viehmann and Frank Witt.

While ABC's main thrust is academic,

Mail Call

Anita Palmer, ABC House president, delivers the mail to, from left, Marisol Rivera of the Bronx, Resident Director Kathleen McGee and Theresa Hunter, from Nashville. Marisol is a freshman; Theresa and Anita, seniors.

the students are also involved in many school activities, including A Capella Choir, Drama Club, Band, Madrigal Singers, and the Student Advisory Committee, and they have earned letters in many varsity sports.

Last year, the students founded the Half-Timers, a group that provides dance entertainment at home basketball games. They have also helped in Art-In-The-Park

and at Clown Town and other community events. Many have volunteered for charity and day care work and some have part-time jobs.

Persons who aren't called on behalf of ABC, but are interested in helping in the campaign or making tax-deductible contributions to the program, are asked to contact Dave Corbett, 100 Abbot St., Andover.

Anita Palmer and Gerald James, both ABC seniors, work together on homework. Anita is from Nashville and Gerry, from Brooklyn.

IF YOU REALLY WANT TO STOP SMOKING... WE GUARANTEE YOU CAN DO IT IN 5 DAYS.

Some things about smoking you already know

It's hell to stop smoking. It's also hell to continue. We're not about to tell you how bad it is. Because you know smoking is a dirty, dangerous, very expensive habit. So what can you do to stop?

It takes just an hour a day

We know a few people who take hypnosis to stop smoking. One of them gained twenty pounds. Some people even take pills. They swallow anything.

If you really want to stop smoking, Medi-Health has the way to help you. No tricks. No gimmicks. No pain. In fact, during the Medi-Health way to stop smoking, you'll *continue* to smoke. Then slowly, but ever so surely, you'll stop.

After 5 days, you'll hate it

After five days are over, we'll promise you two things: One, you'll hate smoking. And two, you'll stop. We guarantee it. And when you do, we'll help you change the habit that makes you smoke. When you change the habit, you can break the habit. So you'll never want to smoke again.

We've had some success, because Medi-Health works

One of America's best-known radio personalities used the Medi-Health way to stop smoking after recovering from lung surgery many years ago. We'll be glad to give you his name. Locally, we can tell you about the businessman who quit smoking the Medi-Health way after twenty years. His habit of 20 cigars a day was costing him

\$600 a month. A saleswoman for a pharmaceutical firm answered our ad. After 15 years, she didn't believe she could kick her habit of smoking in the car. The Medi-Health way helped her quit after the second day.

Maybe you should consult with us. Now.

If you want to stop smoking, we can help you. We guarantee it. Call us for a free consultation at our Medi-Health Center, 304 Cambridge Road, Woburn (Rte 3, off Rte 128). If we can't help you, we'll honestly say so. But if we can, we guarantee you'll stop in five days, or we'll refund your money. That's a promise.

Stop Smoking the

Craftsman

Robert Silva shown working on a piece of handcrafted glass that was inspired by similar work performed in ancient civilizations, then "lost" in time, reappearing again during the Renaissance. The original designs are made of crushed glass, the jewel-like colors obtained by selecting from over 27 special formulas, developed through research over an extended period of time. Silva will be displaying his craft at the Craft Fair to be held at the Sheraton Inn, Boxborough, Nov. 25 and 26.

Thanksgiving Service

All Christian Science churches hold a special service on Thanksgiving Day, which this year falls on Nov. 23. Everyone is welcome to attend.

The service at First Church of Christ, Scientist, 278 North Main St., Andover, begins at 10:30 a.m. For children too young to be at the service itself, care will be provided in our nursery and toddlers' room.

The service includes, in addition to a lesson-sermon of excerpts from the Bible and the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, a period for expressions of gratitude for blessings individually received during the year.

ANTIQUES WANTED

- Almost anything 60 years or older
- Estates or residues of estates
- 22 Years of wholesaling antiques throughout the U. S.
- Appraisals for Inheritance or Insurance Needs
- Expert advice available for rarities in rugs, clocks, American furniture, Music-Boxes, dolls, jewelry, etc.

A.H.S. Notebook

By Renee Pruneau

New records are constantly being made, and broken in the Andover High Math Department this year. School has now been in session for 45 days. During that time William Drummond's (A.H.S. Math Teacher and Equipment Manager for the Football Team) consecutive streak of quizzes and tests have reached 44, tying him with Pete Rose and breaking his old record of 40. Each day he presents each of his classes with either a test or quiz. Rumor is now circulating that festivities will take place on the day of the 60th test.

Also in his classes, and for the first time in the history of our school, two students have surpassed 4,000 points in math during this, the first marking period. This means that they have received 100% on the majority of their tests and quizzes. These students, both in Mr. Drummond's class, are Bonnie Carver, junior, who now holds the all-time record with 4020 points, and Patti Donofrio, sophomore, who has 4005

points.

The A.H.S. National Honor Society has been very busy this year. On October 25, a Field Trip to Bentley College was held. Here N.H.S. members listened to lecturers speak about college finances, applications and other college-related material. They also had a chance to share ideas and experiences with N.H.S. members from other schools. The National Honor Society has also started its Tutoring Program. In this program, students who need help in any subject are encouraged to seek this help through the N.H.S. members. Tutoring is arranged for free periods. N.H.S. members are also welcomed to be tutored. Any student who wishes to have a tutor is asked to see Ms. Steinberg. All N.H.S. tutors are knowledgeable about the subject which they tutor. This year's National Honor Society officers include: Linda Syiek, president; Peter Newton, vice president; Anke Sonneschmidt, secretary-treasurer.

The Look of Elegance

Camille

by

Thomasville

All the charm, grace and splendor of Louis XV furniture is readily apparent in this new Thomasville collection. Graceful serpentine fronts of cases, richly carved cabriole legs, carved base rails, and door moldings with floral detailing give this collection its distinctive custom look. Fine craftsmanship is seen in the artful selection of figured walnut veneers and pecan solids. Painstakingly-matched walnut parquetry is featured throughout the collection. A rich, brown wood tone, hand-rubbed to a sparkling sheen, gives the look of custom finishing. But that's not all. Hand-brushed decorator paint finishes — are available on selected pieces. It is a collection that reflects French styling with tasteful detailing and "that Thomasville look."

W.J.H. Happenings

By Kim Byrne

The Andover West Junior High soccer team has finished the season undefeated, with a record of 12-0. Outstanding players for the entire season include: Adam Roberts (co-captain), Dan Roberts (co-captain), Ken Heydt, Ian Yates, Jeff Parker, Greg Batten, Steve Carbone, Yvan Levesque, Mark Edgar, Jon Cohen, Brian Bedell, Matt Wells and Dan Kimball. The W.J.H. student government wishes to extend their congratulations to the entire team, Mr. Nichols, and to Cathy Rossback and Debbie Montgomery, team managers.

Last week the freshman football team played the most important game of the season against East. Before the game there was a pep rally. Erncees Anne Concemi and Dave Rossback did a great job, and so did the ninth grade cheerleaders. Many awards were given to the various team members, some funny and some serious. The girls field hockey

team paid a tribute to the soccer team in a very funny act. Special thanks goes to Mark Edgar and Stacey Alickman, who provided the drumroll before each award was presented.

The game itself was a good one. Many supporters showed up for both teams. The cheerleaders did a good job psyching everyone up, along with the unofficial pep club. The game ended in an 8-8 tie, with Russell Lewis scoring the West Touchdown. Both teams played well, both wanted desperately to win. The tie score showed both East and West students that the teams were pretty evenly matched.

After a lot of hard work, the first edition of the school paper has been completed and sent to the printer. It should be distributed to members of the W.J.H. student government by Nov. 21. Students who have not yet purchased student government cards will be able to buy copies of the paper during lunch periods. Department heads for the newspaper are: Debbie

Quintal, gossip; Tricia Gannon, Faculty Focus; Sheri Caplan, surveys; and Robert Leber, sports. We have to elect a new

features editor as Geoff Stafford, the present features editor, moves up to the position of co-editor.

E.J.H. Happenings

Jennie Caffrey

The annual canned food drive is now going on at East Junior High. The goal is 2000 cans by Friday, Nov. 17. All the cans collected will go to the Salvation Army in Lawrence. There is competition between homerooms and the room with the most cans will have their name inscribed on a plaque for display in school.

Last Thursday the eighth grade drama club presented a play called "Mr. Efficiency," a comedy of mistaken identities. The cast included Biffy Herskovitz, Liza Crowley, Shari Coon, Sally Bickerton, Nancy Karp, Cathie Batson, Ellyn Stier, Janice Gable, Linda Hager, Nancy Trepanier and Augusta Dadiago. Vickie Simpson acted as announcer and Bill Murphy and Elizabeth Bainbridge were

stage managers. A different eighth grade play is planned for each team.

Try-outs for the school musical have been going on for two weeks. The title of this year's presentation has not yet been announced. Mr. Button is in charge.

Last week a group of students from the ninth grade French class went to see a film at the Cabot Theatre in Beverly. The film was entirely in French with English translations throughout on the screen. Last Thursday East's math league lost to Carlisle's team. However, East defeated six other towns. Math league members are Joby Bardetti, Michael Drozdick, Peter Devney, all seventh graders; Chip Gonzalves, Biffy Herskovitz, Ted Silverman, Jerry Witt and Melissa Hodes from the eighth grade; Curtis Johnson, Randy Lynch, Jeff Olsen, Mark Orrell and Tom Witt from the ninth grade. The next meet is scheduled for the first week in December.

Starks Completes Course

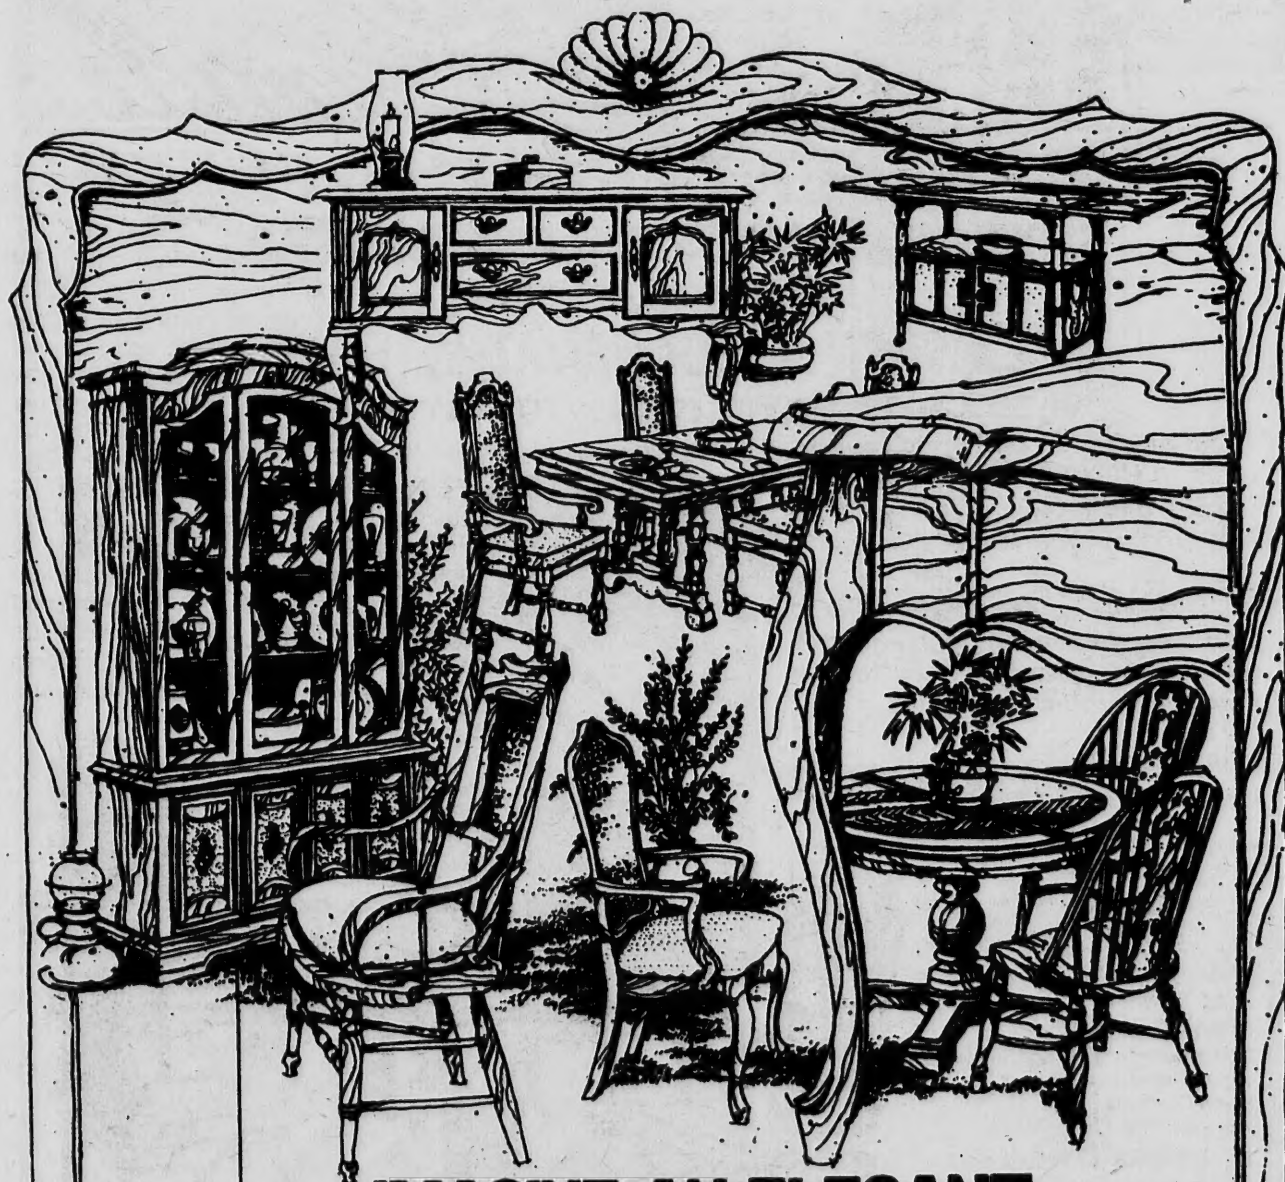

Navy Aviation Electronics Technician Third Class George A. Starks, son of Mer-ton E. Starks of 24 Corbett St., has completed the Advanced First Term Avionics (aviation electronics) course.

During the 26-week course at the Nava 1 Air Technical Training Center, Millington, Tenn., trainees studied airborne communications, fire control systems and anti-submarine warfare systems. In addition to the technology of these systems, they studied mathematics, physics, electronic theory and the operating principles of digital and analog computers.

A 1976 graduate of Andover High School, he joined the Navy in May 1977.

Discovering Winter

Winter for most animals means hibernation, migration or remaining active. For those of us who want to remain active; Mass. Audubon's Ipswich River Wildlife Sanctuary is sponsoring a three evening session workshop on how to make the most out of the winter months. Topics to be covered will include natural history, equipment buying for snowshoes and cross-country skis, and techniques for use. The course begins Wednesday, November 29, from 7:30-9. For more information, call or write the sanctuary office.

League Discussed CBD

Last Thursday, Nov. 9, the Land Use Committee of the League of Women Voters held an open meeting with a Continental breakfast at the Library to discuss Andover's Business District.

Four speakers were featured. Luke Pfeifle of Feet First, Inc. discussed his choice of Andover for a business location

as well as his retail experiences here.

Jeff French, president of the Chamber of Commerce and owner of the Olde Village Flower Shop, spoke about the Chamber's involvement in the CBD activities.

Richard MacGowan from the Andover Savings Bank provided the bank's development ideas for Roger's Place on Main

Street. The loan operations will be conducted on the lower back level so that space for new retail stores will front Main Street.

Mrs. Peggy Keck, league and planning board member, presented the activities of the CBD committee which is a sub-committee of the Planning Board. The signs-by-law revisions, interim solutions for the parking problems and Elm Street redesign were some of the accomplishments she discussed. The idea of Design Review for renovation and new

construction and the growth of the physical size of the CBD are two more areas the committee is actively pursuing.

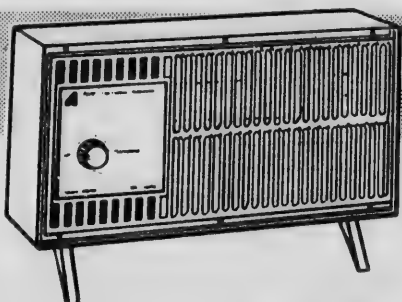

A lively discussion by all present brought out concerns for more diversity in retail shops, pros and cons of small businesses verses chain stores, and a need for public toilet facilities, plus many more ideas.

Real vanilla comes from the fruit (vanilla bean) of an orchid, mainly grown in Madagascar.

Historical Items

Mary Flinn, administrator of the North Andover Historical Society, displays items of yesteryear during her presentation before the Christian Women's Club meeting Tuesday at the Andover Country club.

Smith To Head AVIS

The Andover Village Improvement Society held its 83rd annual meeting Tuesday evening at the Christian Formation Center in West Andover.

James Doyle narrated a film he produced on wildlife in East Africa, and the changing scene there.

Doyle's program was preceded by a social hour and dinner. A business meeting followed, with AVIS President Nat Smith presiding.

Trustees who were renominated and re-elected for a three-year term were Claus Dengler, Bob James, Nat Smith, Rachel Garcia and Lyn Beattie. David G. Roberts, Jr. was re-elected to the finance committee.

Harold Rafton submitted his resignation as trustee after 25 years of service. During this time and as a result of his efforts the society has developed into what it is today with holdings of 850 acres of land in Andover that will be held permanently for conservation purposes. Rafton was

presented an inscribed bowl by Nat Smith and an antique snowshoe symbolizing his efforts. He has agreed to continue as an honorary trustee.

The following officers for the coming year were then elected at a trustees

meeting: Nat Smith, president; Claus Dengler, first vice-president; Lyn Beattie, second vice-president; Al Koch, third vice-president; treasurer, Dave MacDonald, Jr.; Ton Cone, secretary; Dave Roberts, Jr., investment committee.

'Hans Brinker'

The Boston Children's Theatre is presenting "Hans Brinker" as a special holiday treat for youngsters of all ages. Performances will be given at New England Life Hall Saturdays, Dec. 2, 9, 16 and during school vacation week Dec. 26, 27, 28, 29 and 30 at 2 p.m.

This production, based on the classic story by Mary Mapes Dodge, will be directed by George Roland, with settings by Kim Sammis, costumes by Lynn Kessinger, lighting by George Giglio and make-up by Ellen Gainor.

Special group rates are available for schools, scouts, churches, birthday parties, etc. We participate in the ARTS/Boston Voucher program.

For information and reservations, write or call the Boston Children's Theatre, 791 Hammond Street, Chestnut Hill, MA 02167.

CALL 475-0452 For Appointment

Divisional Co-Chairman At Providence

Robert E. Finneran, editor of the TOWNSMAN and a resident of North Andover, has been appointed to a leadership role in the annual Loyalty Fund drive of Providence College, it was announced by the Very Reverend Thomas R. Peterson, O.P., president of the college. Finneran has been named the divisional co-chairman for the Chancellor's Club for the 1978-1979 fund which has a goal of \$425,000.

Finneran, a 1953 alumnus of Providence College, has been editor of the TOWNSMAN for two years, and served as managing editor from 1968 to 1976.

Finneran is currently the vice-president of the college's National Alumni Association and will automatically assume the presidency of that organization for the 1979-1980 term. He also served as a class representative on the association's Board of Governors for three years.

As chairman, he will oversee general campaign activities pertaining to the organization of class phonathons and meetings.

The annual fund raising drive which begins in October continues throughout the academic year to June 30. Established in 1942, its purpose is to provide the college with flexible funds which have been traditionally used for scholarships, emergency assistance to students, books, various teaching aids, improvement of campus services, and unanticipated expenses for which other funds are not available.

Last year's goal of \$350,000 was exceeded by more than \$46,000 through a system of personal, phone and mail solicitations of Providence alumni, parents of students in attendance, and friends of the college.

First Female Golfer

Mary, Queen of Scots, who lived from 1542 to 1587, was reported to be the first woman to play the game of golf.

Wildebeest calves can stand within five minutes and are able to run as fast as their mothers 15 minutes after birth. Within a week the calves begin to graze, though they will continue to nurse for six months.

Wing Cycles

Flies, bees and wasps can beat their wings 200 to 250 cycles per second; some midges make 1,000 cycles a second, Massachusetts Audubon says.

Bresnahan Assigned To Pacific

Navy Machinist's Mate Third Class William F. Bresnahan, son of Mr. and Mrs. Brendan C. Bresnahan of 64 Sylvan Terrance, North Andover, is on an extended deployment in the Western Pacific.

He is assigned to the ammunition ship USS Kilauea, homeported in Concord, Calif., and currently operating as a unit of the U. S. Seventh Fleet.

During the cruise, Kilauea is scheduled to participate in various training exercises with other Seventh Fleet units and those of allied nations. Crewmembers recently visited Hong Kong and are scheduled to tour other Far Eastern countries during the cruise. Kilauea participated in the rescue of two Filipino fisherman from Manila Bay in the Republic of the Philippines on April 21.

Measuring 564 feet in length and displacing 20,500 tons, Kilauea carries a crew of 401 officers and enlisted men. She is designed to provide rapid transfer of missiles and munitions to other ships. She normally carries two cargo helicopters and can provide replenishment either by heli-lift or high-line transfer.

A 1975 graduate of Greater Lawrence Regional Vocational High School, Bresnahan joined the Navy in July 1975.

In England, a "trolley" is likely to be a tea wagon.

We're glad we don't have to make the choice.

All the dolls are in (a sampling is shown below), and you must decide which one takes home the Grand Prize. Stop by any office of Andover Bank and vote for your choice. Ballot boxes will be open through noon, Sat., Nov. 18.

AND... don't miss our Gala Auctions at our Andover & Tewksbury Offices on December 2. You'll be able to bid on the doll of your choice, and make a Tot you know very happy while you help a Tot you don't know have a Merry, Merry Christmas... because all proceeds go to children's charities. So get out and vote for the doll of your dreams.

Joseph Schwartz

To Give Boston Debut

Jan. 14, 1979 is the date of the Boston Debut of Joseph Schwartz, pianist, at Sanders Auditorium, Cambridge. It will be the first appearance of the artist in the New England area since his Bicentennial concert at Phillips Academy three years ago.

Having begun his musical career as a child prodigy, he gave his first solo piano recital at the age of eight in New York City, subsequently studying with Dr. Gerhard Albersheim in Los Angeles before becoming a scholarship student of Rosina Lhevinne and Irwin Freundlich at

At Vermont

James Deyermond, son of Mr. and Mrs. James Deyermond, 64 Andover St., Andover, is enrolled in the criminal justice administration program at Southern Vermont College, Bennington, Vt.

the Juilliard School of Music, where he completed his Masters Degree.

The winner of: National Guild of Piano Teachers Gold Medal, Hollywood Bowl Auditions, Music Education League Concerto Competition and Naumburg Award, he holds the position of professor of piano at Oberlin Conservatory of Music while conducting an active concert schedule. He will make his eighth appearance at Carnegie Recital Hall, New York City on Dec. 23.

Among the composers whose works Mr. Schwartz has chosen for his Sanders appearance will be Haydn, Schubert, Schumann and Liszt.

Tickets for the concert go on sale the week of Nov. 27 and can be purchased by contacting or writing: Mrs. Jeanne Porter, 3 Ivanhoe Lane, Andover, Mass. 01810.

Flu Clinic Monday

A second Flu clinic for those unable to attend the first will be held on Monday, Nov. 20 at The Haven, 11 Essex St., from 10 a.m. to 11 a.m.

Energy Office Opens

The Essex County Extension Service is currently involved in a program to educate county residents relative to saving energy and money in heating their homes and apartment. The Extension service in cooperation with University of Massachusetts Cooperative Extension Service has established an Energy Conservation Resource Office in Smith Hall at the Essex Agricultural & Technical Institute. The office will be run by Randolph Earle, who is a graduate of the University of New Hampshire, majoring in environmental science. He has been trained in energy conservation and alternate energy sources at the University of Massachusetts.

Materials on energy conservation, insulation, solar energy and related subjects

are available free to the public on request. Earle is also available to answer questions about energy conservation and may be contacted at the Institute.

The main goal of the Extension Energy Office is to educate the public about energy conservation, as it applies to the home, and to serve as an energy resource information center.

Robert Lloyd

Named To Council

Robert Lloyd, chairman of the art department at Phillips Academy, has been appointed a member of the Council of Academic Affairs of the College Board. The appointment became effective at the conclusion of the annual business meeting of the college board on Oct. 31 in New York City. Lloyd's term expires in 1981.

The newly-formed Council on Academic Affairs has been charged with advising the president of the college board on matters related to faculty interests, such as curriculum trends and educational standards. In addition, the fifteen members of

the Council will recommend ways of improving Board communications with school and college teachers, including relations with professional associations.

The college board is a nonprofit membership association of over 2,500 schools and school systems, colleges and universities, associations and scholarship agencies. The board offers guidance and evaluation services in counseling, admissions, placement and credit, and financial aid to help students, schools, and colleges in making important educational and career decisions.

To Honor Rabbi Roth

Rabbi Harry A. Roth will be honored by the Lawrence-Andover Jewish community at a State of Israel Tribute dinner, held on behalf of the Greater Lawrence Israel Bond program, on Saturday evening, Dec. 2 at Temple Emanuel in Lawrence.

Sidney Swartz, Greater Lawrence Israel Bond Chairman, who is also chairing the tribute dinner, lauded the selection of Rabbi Roth as the guest of honor stating, "Rabbi Roth, who has served as spiritual leader of Temple Emanuel since 1962, has been a dynamic and dedicated leader in our community and throughout our state for many years. He has devoted his life to the welfare of his fellow man through active involvement in a multitude of noteworthy endeavors. In addition to his personal commitment to the State of Israel, he has played a key role in helping to strengthen the bond between the Jews of America and their brethren in Israel. We are pleased to have this opportunity to give public recognition to an outstanding leader and good friend.

Swartz explained that the Israel Bond campaign is not a philanthropic venture, but a program of investment through which funds are raised to help finance the economic infrastructure of the State of Israel. "Through the sale and purchase of Israel Bonds and Capital for Israel investments," he said, "we join partnership with the people of Israel in their goal of economic self-sufficiency and their quest for peace." Swartz pointed out that, since the Israel Bond program was established in 1951, Israel has never been late or defaulted on payment of principal or interest on any loan received through the Israel Bond campaign. He noted that \$3.9-billion has already been sold to-date in the worldwide Israel Bond drive, of which \$1.7 billion has already been repaid to investors.

Among Rabbi Harry Roth's current leadership responsibilities are his service as president of the Massachusetts Board of Rabbis; vice-president of the Lawrence Clerical Association; membership on the Jewish Christian Committee and the Catholic Jewish Committee of Cenacle House of Boston; the Central Conference of American Rabbis Committee on Responsa; and the Lawrence Chapter of Rotary International. He also has at the present time a Certificate in Pastoral Counseling and Chaplaincy from McLean Hospital.

Rabbi Roth is a former member of the Regional Board of the Massachusetts Department of Mental Health, an appointment made by former Gov. John Volpe in 1967, and was a founder and director of Merrimack Valley Dialogues at Merrimack College in North Andover and of the Inter Faith Institute, located at St. Basil's Seminary (Salvatorian Center) in Methuen. Other memberships include the Steering Committee of the Greater Lawrence Council on Alcoholism; the Mayor's Human Relations Advisory Commission; Greater Lawrence Guidance Center; Lawrence Chapter of the American Red Cross; International Institute; the Regional Board of the Anti-Defamation League of B'nai B'rith; Jewish Family Service, Jewish Community Council; and the Chaplaincy Commission of the Massachusetts Board of Rabbis. He is also the past president of the

Rabbi Harry A. Roth

Lawrence Chapter of B'NAI B'rith; past treasurer and vice-president of the Massachusetts Board of Rabbis; and former vice-president and president of the New England Region of the Central Conference of American Rabbis.

In addition, Rabbi Roth has authored numerous articles which have been published in "Jewish Heritage," "The Jewish Forum" and the "Kentucky Foreign Language Quarterly." He was ordained at Hebrew Union College-Jewish Institute of Religion in Cincinnati after earning his B.A. at the New School for Social Research in New York City. He also holds B.H.L. and M.A.H.C. degrees.

Rabbi Roth and his wife Lillian have a son and daughter and two grandchildren. Rabbi and Mrs. Roth reside in Andover.

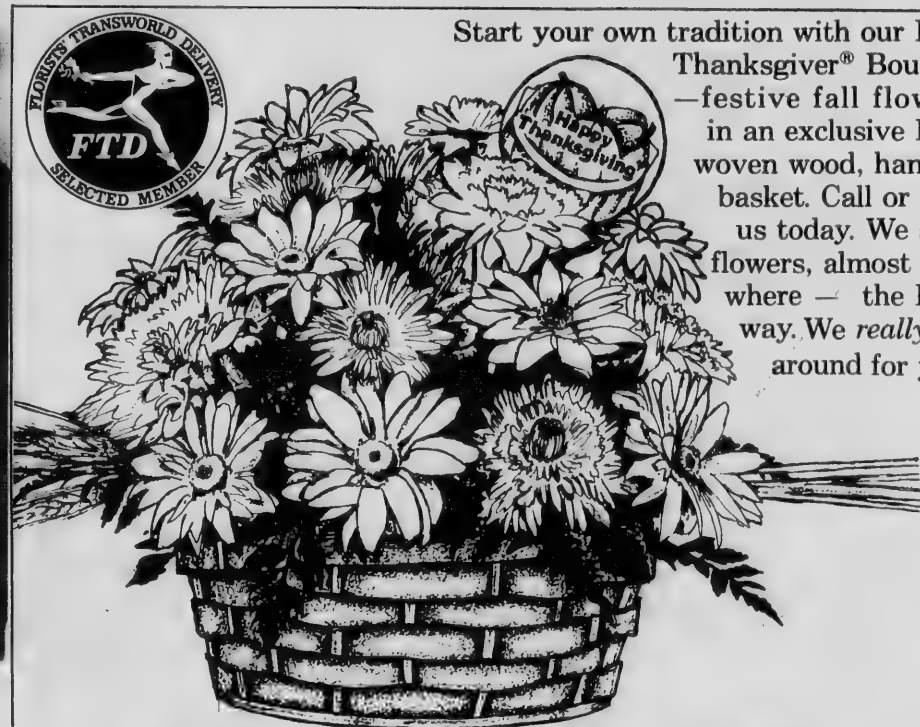

'Landscape'

A new exhibit, "Landscape Images by Women Artists" opens at Gallery 410 of the University of Lowell, through December 13. The exhibition shows drawings and paintings by ten prominent women artists of the Lowell and Boston area.

Selected and arranged by Dr. Liana Cheney of the University Art Department, the exhibit includes works of Judith Ber-

man, Priscilla Burlingham, Martha Cain, Renee Collins, Shirley Levy, Ann Northrup, Susan Philips, Brenda Pinardi, Sarah Supplee, and Jo Ann Young.

"He who serves his country well has no need of ancestors."

Vale Church Christmas Fair

"Ye Olde Fashion Christmas," the theme for this year's fair at the Ballard Vale United Church, will provide holiday spirit with tables laden down with many practical gifts and also some novelties. There will be an abundance of hats and mittens, all sizes and colors, as well as Christmas decorations from tree ornaments to table decorations.

The gift table, will have novelties for all ages. There will be plants of a wide variety to choose from, and some helpful hints on how to keep them healthy throughout the winter months.

At the Country Store, Gail and Don Ward, the proprietors, will have an abundance of fresh foods for sale at old fashion prices. For the younger folk in the family, Santa Clause will be reigning over all.

Santa will be at the country store Friday evening from 7-9 p.m. and anyone wishing to have their child's picture taken with Santa may do so for a nominal fee. The Fair is open from 4:30 to 9 p.m. Friday, Dec. 1 and 10 a.m. to 4 p.m., Saturday, Dec. 2.

Smith Club Drive

Merrimack Valley Smith Club members Mrs. George H. Bixby of Andover, and Mrs. Emilio DeFranza of North Reading, discuss distribution plans for the scholarship pecans that have just arrived. Proceeds of their sales will benefit students at Smith College in Northampton. The public is invited to purchase nuts for the holidays by contacting Mrs. Bixby.

December Flower Show

Everyone from Junior to Senior members of the Andover Garden club are participating in this year's big event — the December Flower Show. Every effort is being made to receive an award from the National Council for this show, as the club received in 1970.

One of the many requirements for an award is 100% participation from the membership.

The Junior Garden Club members have been meeting during the past several months in preparation for the show. Thirteen young people will be creating flower arrangements to be designed for the doll room in the Historical Society. They

follow the same requirements and guidelines as do the adults. For instance, everyone designing a flower arrangement and submitting horticulture specimens must identify their plant material, as to genus, species, and variety.

The Andover Junior Garden Club is open to all children of the community in grades 3-8 throughout the year. Programs vary from making terrariums to bird house building to flower arranging. For further information contact Mrs. Michael Brink.

The Flower Show will be held on Friday, Dec. 8 from 2-4 p.m. for members and guests. The general public is invited on Saturday, Dec. 9 from 11 a.m. to 4 p.m. Donation tickets will be sold at the door the day of the show. A special rate will be available for students and Senior citizens. Children under 12 accompanied by an adult will be admitted free.

Repelling Ants

Ants can be repelled by cleaning powder, bone meal, black pepper, white vinegar and ground-up cucumber peels, Massachusetts Audubon advises.

In Cast

Barbara Need, daughter of Irene Norton and John L. Need of Andover, is in the cast of a student production of James Thurber's "A Thurber Carnival" at Swarthmore College. Rob Davis, producer and co-director, says, "This promises to be one of the most enjoyable and interesting shows of the three years I've been involved with theater at Swarthmore."

Aid Unit Assists Hospital Renovation

The Surgical Day Care Unit of the Lawrence General Hospital will soon undergo extensive renovations thanks to the efforts of the Hospital's Aid Association. The Hospital group is currently sponsoring a community-wide raffle of a 1979 Volkswagen Rabbit, the proceeds of which will help to enlarge and improve the present surgical unit of the hospital.

Started in 1974 on an experimental basis, the Surgical Day Care facilities were an immediate success and last year handled over 1883 patients. The Unit allows a patient undergoing minor surgery to come and go from the hospital on the same day, yet receive quality pre and post surgical care. The convenience and financial savings to the short-term surgical patient, to the hospital, and to the physician have been significant.

Plans for the renovations of the Unit include a minor surgical room, an expanded patient area with increased privacy, a new waiting-room for members of the family, and more convenient nursing facilities. The Unit has become a very active service of the hospital and renovations will take into account projected growth.

Tickets for the car raffle to benefit the hospital unit will be available at the

hospital as well as from any Aid Association board member. The drawing for the light-blue, standard shift Rabbit will take place Wednesday, Jan. 24, 1979.

Christmas Bazaar By Lady Elks

The Andover Lodge of Elks Ladies Association will hold their Annual Christmas Bazaar Saturday, Dec. 2, in the main hall of the Lodge on 400 South Main St., in Andover, from 9 a.m. to 4 p.m.

The Bazaar will feature a large variety of homemade articles including bakery products, knitted and crocheted items, Christmas decorations, white elephant table, country kitchen items, and a special area for children to Christmas shop for their parents, at children's prices.

Chairwomen of this year's Bazaar is Donna Rudolph and she is being assisted by Patty Landry, Barbara Peterson, Freida Ayer, Denise Giles, Barbara McKenzie, Bev Comeau, Ann Eldred, Claire McClory, and Cissy Walsh.

Giving ANSWERS

Ms. Owen Smith shows Women's Resource Guide to Deborah Lerme as part of answers program at Memorial Hall library.

Providing The ANSWERS

Think of the number of times you wanted to get in touch with the president of a local women's group? When you want to know about health resources for women and don't know where to begin to look. How would you go about finding employment training programs geared towards women?

Memorial Hall Library in Andover realized the need for a central location for community information and established the ANSWERS telephone line. By calling ANSWERS (470-1184) a person can locate a career counselor or a doll hospital. To help the callers even further, ANSWERS publishes Resource Guides of community information. The information gathered for the Resource Guides is mostly local and has not been published in one source before. The latest of these free guides is titled "Help Yourself: A Directory of services in the Greater Lawrence Area of Interest to Women." The directory includes six subject categories 1. Volunteer

Opportunities 2. Employment 3. Education 4. Health 5. Personal Growth 6. Clubs and Organizations. Local agencies who have an emphasis on programs for women are listed with their address, telephone number, contact person along with a brief description of the service offered. The 16-page booklet is a selected list of organizations and agencies in Greater Lawrence and includes some information on the Merrimack Valley and Boston area. These resource guides are free to any interested person and are available at all local libraries.

ANSWERS is a community information and referral center for Greater Lawrence. It is federally funded through the Massachusetts Board of Library Commissioners and operates as part of Memorial Hall Library in Andover. ANSWERS is a special number for all community and social service related questions. If you are looking for counseling for a family member of an alcoholic or the local chess club, ANSWERS should be the first place you call.

Gardening Pamphlets Available

Five timely bulletins, revised by the U. S. Department of Agriculture, are available free on request from Essex County Extension Service at the Essex Agricultural and Technical Institute. They include: Insects and Related Pests of House Plants, Renovate an Old House, Gardening on the Contour, Cones and Wreaths, Your Christmas tree, Fireplace Logs from Newspaper, and Beetles From Fireplace Wood.

Informative bulletins and assistance is available on all aspects of gardening and home grounds maintenance, and home economics and management at the Institute.

To obtain a free copy, specify bulletins desired and mail request to Extension Editor, Essex Agricultural and Technical Institute, Hathorne, Ma 01937.

Traditional Holiday Party Set

The Greater Lawrence Chapter of Friends of the New England Home for Little Wanderers is planning its annual "Olde Tyme Holiday Party" Dec. 3 (Sunday) from 5 to 7 p.m. at the Andover Country Club.

Participants will be invited to gather around the piano for an old-fashioned sing-a-long, sip on punch and snack on homemade hors d'oeuvres. The informal get-together is becoming traditional with the "Friends."

New this year will be a holiday boutique featuring homemade items.

Co-chairmen are Mrs. Joseph Sullivan and Mrs. Paul Reynolds. They will be assisted by Mrs. Duncan Black, Mrs. Joseph Morrison, Mrs. Robert Norbedo,

Mrs. E. Haffner Fournier, Mrs. Anthony Foresta, Mrs. Louis Bourbeau and Mrs. Robert Siggelroe.

Tickets may be purchased from any of the "Friends."

The Greater Lawrence Chapter holds several money-raising events throughout the year to benefit children cared for by the Home.

At Radcliffe Centennial

Katherine M. Hastings, Muriel J. Katschker, Miriam Putnam, Bernice B. Rothseid, Rebecca M. Sykes and Nancy D. Zollner attended the centennial celebration of Radcliffe College held recently in Cambridge. Radcliffe was founded in 1879 to make available to women the opportunities of a Harvard education. Radcliffe students have always been taught by members of the Harvard faculty, and since 1943 Radcliffe students have attended classes with Harvard students.

An exhibit, "Radcliffe: Her Shining Century," is on display at Agassiz Library in Radcliffe Yard through the middle of November.

On Dean's List

Mary Anne Lennon has been named to the William Smith Colleges' Dean's List. She is the daughter of Mr. and Mrs. Robert Lennon of Andover.

Mary Anne is a member of the William Smith Class of 1981. Being named to the Dean's List denotes that the student has maintained an overall average of 3.2 or better for the preceding academic year.

Mrs. Philip A. Schlote

Schlote - Cronin

Claudia Elizabeth Cronin, daughter of Mr. and Mrs. Charles A. Cronin of Andover and Lucerne-in-Maine, became the bride October 8 of Philip Allan Schlote. The groom is the son of Mr. and Mrs. Carl E. Schlote of Kitchener, Ontario.

The Rev. J. Everett Bodge of Nantucket officiated at the ceremony at West Parish Church and a reception followed at the Vesper Country Club in Tynsboro.

Mark Peterson, organist, and Marty Hardiman, soloist, provided the music.

The bride wore a gown of ivory silk Quiana with chiffon sleeves. The bodice and back were trimmed with imported

Senior At Mt. Hermon

Jill Goldstein of Andover is among 1,075 students attending Northfield Mount Hermon School for the 1978-79 academic year.

Jill, a senior, is the daughter of Mr. and Mrs. Robert H. Goldstein of 17 Bateson Drive.

Northfield Mount Hermon, in its 99th year, is the second largest boarding school in the country. Located south of the Vermont and New Hampshire borders, the school offers more than 200 courses of study, 27 varsity sports, and 23 recreational sports.

Venice embroidered lace and sprinkled with pearls.

She also wore a matching picture hat and carried a bouquet of roses, baby's breath, bittersweet and English ivy.

Leslie MacKinnon of Alberta, Canada, attended the bride as matron of honor. Her twin sister, Laurie Richardson of St. John, New Brunswick, and Eve Toy of Vancouver, British Columbia, were bridesmaids. Carilyn Cronin, the bride's sister was junior bridesmaid.

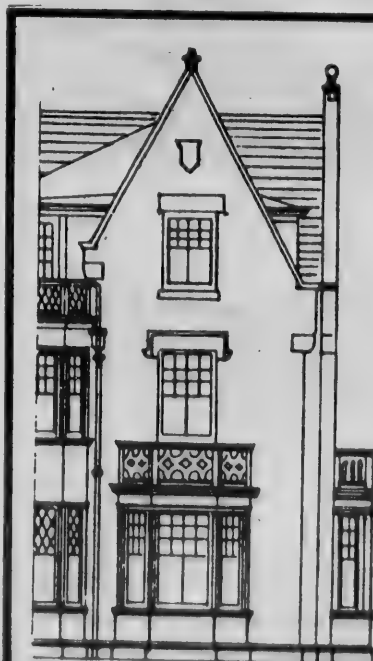

J. Tom Kieswetter of Kitchener, Ontario, served as best mman, and ushers were Fred Dimson of Burlington and Michael Visser of Waterloo, Ontario.

Charlotte Rogers Cronin, sister-in-law of the bride, presided at the guest book.

The new Mrs. Schlote, a graduate of Andover High School and Acadia University, teaches aquatics at the University of Waterloo.

Her husband, a graduate of Forest Heights Collegiate, recently received his master of science degree in kinesiology from the University of Waterloo. He is a substitute teacher of math and science in the Waterloo area.

Given in marriage by their parents, the couple will be residing in Australia.

Add Life To Your Years And Years To Your Life

Imagine having your own luxurious private living quarters and a life style where you need not worry about your future.

One which relieves you of your day to day responsibilities of cooking and household chores; providing you with security, linen and housekeeping services; payment of utilities and the finest of meals served in a unique, private dining room.

Imagine all this in addition to living in a prestigious historical setting with friendly, active neighbors where you retain your individual independence and dignity.

Mr. and Mrs. Thomas M. Robb

Robb - Cooper

Kim Marie Cooper, daughter of Mr. and Mrs. Lloyd L. Cooper of Boutwell Road, Andover, and Thomas Michael Robb, son of Mr. and Mrs. Alfred Robb, North Main Street, Andover, were wed during a recent ceremony at West Parish Church.

The Rev. Sally Newhall officiated at the double ring, afternoon service.

Given in marriage by her parents, the bride wore a gown of white chiffon with bell sleeves of alencon lace. Her matching head piece was an illusion veil also trimmed with lace, and she carried a bouquet of carnations, pink sweetheart roses and baby's breath.

Ann Martin of Lexington was maid of

honor, with the bride's sisters, Kerianne and Amy Beth Cooper, serving as bridesmaid and flower girl respectively. Michael Pare was best man, and guests were ushered by Richard Keene and Dianne Glines.

Following a reception at The Rendezvous, the couple left on a wedding trip to Vermont.

A 1974 graduate of Andover High, the new Mrs. Robb attended Middlesex Community College and the University of Lowell. Her husband, who also attended Andover High, is presently employed as a unit manager with a construction firm in Houston, Texas, where the couple will reside.

Cahoots is a restaurant with style. Cahoots is huge Sirloin Steaks, Beef and Shrimp Teriyaki, Ale Battered Shrimp, Alaskan King Crab Legs, and Baked Lobster Savannah. Cahoots is Fresh Spinach and Mushroom Salad and Baked French Onion Soup. Cahoots is huge Burgers and Deli Sandwiches with "Cahoots Fries." Cahoots is a fine

restaurant open daily for lunch and dinner at reasonable prices. Cahoots is a great place for holiday parties.

Cahoots is something else. Cahoots is great cocktails in an intimate lounge overlooking the tennis courts. Cahoots is soothing entertainment Tuesday through Saturday. Cahoots is an exotic Pina Colada or a Warm Irish Coffee.

Most of all, Cahoots is the place to be. Cahoots is always good service, good food, good drink, good times — whether it be lunch, dinner, cocktails, or snacks. Cahoots is where you should be.

Rte. 114, North Andover, Mass. 685-2732

Wetmore - Holihan

Virginia Marie Holihan, formerly of Andover, and Jeffrey Raymond Wetmore of San Rafael, Calif., were married recently in a garden ceremony at High Meadow Farm in Conway, Mass. The farm is the home of Mr. and Mrs. Bruch McCall. Mrs. McCall is the sister of the bride.

The bride, the daughter of Mrs. Thayer Holihan of Rye Beach, N.H., and Mr. James P. Holihan of North Hampton, N.H., is a graduate of the University of Colorado.

Her husband, the son of Mrs. Patricia

Wetmore of Mill Valley, Calif., and Mr. Raymond Wetmore, also of Mill Valley, holds a degree from Stanford University and is a restaurateur in California and Hawaii.

Following a trip to the Caribbean, they will reside in San Rafael.

A huckleberry plant covering several square miles in western Pennsylvania may be the oldest living thing on earth: 13,000 years old, botanists believe, according to Massachusetts Audubon.

Winter To Begin At YWCA

The Greater Lawrence Y.W.C.A. Winter Term will start on Nov. 20. Registration is open for any of the numerous classes being offered in the pool, from infant swimming to adult swimming, to diving, to water exercise, or just to relax with an enjoyable plunge.

The Y.W.C.A. will also again be offering an instructional Tennis program in beginning and advanced beginning for adults and teens. Disco dancing, yoga, belly dancing for all levels are also being offered at the Greater Lawrence Y.W.C.A.

For more information on classes, call or stop by 38 Lawrence St., Lawrence.

Mr. and Mrs. Roger A. Ballou

Ballou - Burton

Miss Joan Annette Burton became the bride of Rober Ashman Ballou in a Sept. 30 ceremony in St. Mary's Catholic Church, Anderson, North Carolina.

The bride is the daughter of Mr. and Mrs. Joseph E. Gallagher, and the late John H. Burton, Jr. of Anderson, North Carolina. Mr. Ballou is the son of Mr. and Mrs. Richard W. Ballou of Andover.

Jill Burton was her sister's maid of honor. Bridesmaids were Julie and Jane Burton, sisters of the bride, Lindsey Ballou and Judy Hurlburt, sister-in-law

and sister of the groom, and Lynn Ashworth.

Jon Ballou was his brother's best man. John Burton, III and Joe Gallagher, Jr., brothers of the bride, Jeff Hurlbert, brother-in-law of the groom, Barry Morris and Ken Ashworth served as groomsmen and ushers.

The newlyweds are both completing their graduate studies at the College of William and Mary. She is a 1976 graduate of Indiana University and a member of Kappa Alpha Theta sorority, and is now

employed as a medical technologist at Williamsburg Community Hospital. Mr. Ballou graduated from the University of Maine in 1971 and is a member of Tau Kappa Epsilon fraternity, and is also

employed at the College of William and Mary.

After a wedding trip through the Smokey Mountains, the couple are residing in Williamsburg, Virginia.

On Honor Roll

Governor Dummer Academy in Byfield, has recently announced it's honor roll for the 1st marking period, and the following individual from Andover have received recognition:

Kevin Callahan, James A. Gardner, Ann McCullon, John Perowski, Jr., and Thomas A. and Bryan J. Rourke.

OBITUARIES

KATHRYN BARDSLEY

Kathryn (Jacobs) Bardsley, 73, 57 Fountain Drive, North Andover, past Massachusetts president of the American Gold Star Mothers Inc., died Nov. 9 at Lawrence General Hospital after a long illness.

Born in Lake Charles, La., Feb. 18, 1905, Mrs. Bardsley was graduated from Lawrence High School in 1923. She had lived in North Andover for the past 60 years and was a member of St. Paul's Episcopal Church. Mrs. Bardsley was elected three times as president of the Lawrence Chapter of the American Gold Star Mothers Inc. She was a member of the North Andover 65-Plus Club and the Ladies Auxiliary Post 2128 V.F.W., Andover. She was also past president of Ladies Auxiliary 2104 V.F.W., North Andover. She also belonged to the Ladies Auxiliary Post 219, American Legion of North Andover.

The widow of Samuel B. Bardsley, she is survived by a son, Edward A. Bardsley of North Andover; a granddaughter and grandson, Sandra and Gary Bardsley, both of North Andover; and several nieces, nephews and cousins.

Services were held Saturday at 11:30 a.m. in St. Paul's Episcopal Church. Burial was in Ridgewood Cemetery.

The Ladies Auxiliary Post 2128 conducted memorial services Friday evening.

HAZEL ORMSBY

Hazel (Cormey) Ormsby, 67, 31 Foulds Terrace, North Andover, a lifelong resident there, died Sunday morning at Bon Secours Hospital after a long illness.

Mrs. Ormsby was born May 8, 1911 in North Andover. She was a member of Foulds Terrace Association of which she was first president and Fidelis Circle of United Methodist Women. She attended the First United Methodist Church.

Survivors include her husband, Irvin R. Ormsby of North Andover; three daughters, Judith, wife of Gene Brown of Plaistow, N.H., Blanche, wife of J. Sydney Barlow of Derry, N.H., and Joyce wife of Arthur Carison of Attleboro; four sisters, Mrs. Edith Massey and Blanche, wife of Alfred Smith, both of Andover, Kathleen, wife of Fred Watts of Osterville and Mildred, wife of Harold Ackroyd; six grandchildren and several nieces and nephews.

Services were held Wednesday at 1 p.m. from the James H. Dewhurst Funeral Home, 17 Third St. Burial was in West Parish Cemetery, Andover.

IDA BRYANT

Ida (Heinz) Bryant, 89, 100 Main St., a 54-year resident of Andover, died Nov. 8 at Lawrence General Hospital after a short illness.

Mrs. Bryant was born in Melrose, Nov. 15, 1888. She was the oldest living member of Martin's Pond Union Baptist Church in North Reading and belonged to the Ladies Union of that church.

The widow of Harry C. Bryant, she is survived by three daughters, Esther M., wife of Howard L. Norton Jr. of Andover, Bernice E., wife of Andover Fire Chief William T. Downs and Marion, wife of Henry Jaffre of Dayville, Conn.; seven grandchildren, five great-grandchildren and several nieces and nephews.

Services were held Saturday at 1 p.m.

Journey:

Attend Conference

Mrs. C. Edward Buchan, elected delegate from South Church in Andover, and Rev. Dr. Westy A. Egmont, pastor of South Church, attended the fall meeting of the Massachusetts Conference of the United Church of Christ in Worcester Oct. 28.

A significant action of the meeting was the delegate's vote to ratify appointment of the Rev. Alfred E. Williams of Illinois as Conference Minister and President. As a result, on Jan. 1, he will take over leadership of some 140,000 UCC members.

An experienced church administrator, Mr. Williams is also an accomplished writer and preacher. He was ordained in 1956 in the Evangelical & Reformed Church and holds B.D. and S.T.M. degrees from Union Theological Seminary.

Rev. Williams is expected to travel the state widely in the early stages of his new ministry. Rev. Dr. Egmont hopes he will soon visit locally.

In keeping with UCC tradition, Conference delegates also passed next year's budget after line-by-line scrutiny and floor discussion.

Canned Goods Drive At Church

The youth of St. Robert Bellarmine Church are holding a Canned goods and Clothing Drive, Nov. 19.

Canned goods and clothing may be brought to the Thanksgiving Mass at 5:30 p.m. on Sunday Nov. 19. After Mass the youth will pack several vans and deliver the goods to St. Patrick's in Roxbury. The food will help fill food baskets for 200 needy families and the clothes will be sold in St. Patrick's Spanish Store.

Rummage Sale

The Margaret Slattery Class of Free Christian church, will conduct a rummage sale in the lower parish hall Saturday, Nov. 18 from 10 a.m. to 2 p.m. There will be many articles of good clothing offered. Coffee and doughnuts will be served.

The best plush yet from Lees Carpets
**VERY NEW,
VERY VELVET.**
Elegant yet practical. Soft yet springy.
Rich yet affordable.

Here's a carpet style that up to now has simply been unavailable to the American consumer. Lees has changed that by crafting a velvet-like velour carpet with character and design excitement. It's made with Antron® Nylon, Du Pont's dirt-resistant, static controlled, durable, state-of-the-art carpet fiber. And we have priced it right, too.

Come see it. Feel it. Discover how ever-so-tightly this dense plush is tufted. Witness the extensive array of subtle fashion-aware colors.

It's truly what's happening in carpet today.
And it's happening right now at

*Ready For
Bazaar*

An assortment of handcrafted dolls and a Winnie The Pooh quilt are examined by Christina and Karen Babine of Joseph Street, Andover, prior to being offered at St. Robert's Bazaar Saturday.

St. Robert Bellarmine Bazaar

St. Robert Bellarmine Church of North Tewksbury/West Andover, will hold its annual New England Heritage Bazaar on Saturday, Nov. 18, in the parish hall from 9:30 a.m. to 3 p.m.

Dr. and Mrs. William Sweeney are again chairmen of this annual fundraiser to which the general public is invited.

Rev. Jon C. Martin, associate pastor, has added to an originally designed Colonial Village motif used as an appropriate background to highlight the variety of attractive shops.

The Village Square will feature Sue Zembko's bake shop full of homemade specialties such as pies, decorated cakes, holiday breads and cookies, jams, jellies, and pastries. The Conlin Family sweet shoppe offers fudge, taffy, popcorn and other autumn candy treats. Hand-tooled wooden Nativity cribs, wreaths and interesting novelties are some of the items ready for the Christmas Shoppe run by Van and Mary Carroll.

Children attending the Bazaar may have a picture taken with Santa and then view movies in the theater, play games in the Kids' Korner, guess the number of beans in the pot, or buy toys, games or puzzles in the Mother Goose Roost.

The Yarn Shoppe will have creations by Gen Lemieux and others. A sampling includes: hats, mittens, baby clothes, slippers, sweaters and stuffed toys and clowns. Rose Babin promises a wide variety of home-craft items. Shirley Daley and Ann Sullivan have assembled a collection of plants from the simple to the exotic. Hundreds of items will be marked for sale by Second-Hand shopkeeper Terry Pellicione. Used books, paperbacks, magazines, comics and records will be for

sale in Rita Borgea's Book Stall.

A special attraction of the bazaar will be the prize pavilion operated by Bazaar Chairman Marie Sweeney. Among those prizes to be offered are: a color television set, cassette recorder/radio, silver candelabra and a case of champagne. There will be a turkey and cheer raffle and special table raffles on such items as a gingerbread house, a hand-made Creche, a plant with macrame hanger and sport equipment. Hourly attendance prizes will also be awarded.

Refreshments will be available throughout the day at the Village Inn. Host Gerry Christoffels offers house specialties — meatball subs, chop suey, and New England baked beans — as well as hamburgers, hot dogs, donuts and drinks.

Cellin insulation can save you up to 38% on your heating bills year, after year, after year.

When you insulate your home with Cellin, you save on energy. Heat doesn't escape in winter and doesn't build up in summer. The result is lower heating and cooling bills and balanced

comfort — year in and year out. Savings on heating bills alone range from about 7% to 38% — or up to hundreds of dollars a year.

Cellin is a superior loose-fill cellulose insulation which is blown into walls, floors and ceilings. Only Cellin offers all these advantages:

Safe and reliable. Cellin is non-toxic, non-irritating to the touch, flame-retardant and non-conductive. It meets or exceeds federal specification HH-1-515C, Type 1, Class 25, and carries an Underwriters Laboratories labeling.

Natural product. Cellin consists of short cellulosic wood fibers made of selected newsprint which has been processed and chemically treated.

Total coverage. Unlike many insulations, Cellin fills every possible space, giving you even, complete coverage.

Higher R-value. Cellin has a greater R-value (resistance to heat flow — the measure for insulation) per inch than most insulations.

Non-corrosive and moisture-resistant. There's no corroding of pipes, no rotting of wood in walls and ceilings.

Other advantages. Cellin is vermin-resistant, reduces noise levels and is long-lasting.

Backed by Bay State Gas Company. Cellin is produced by Con-Serv, a division of Bay State Gas Company.

Ask for a FREE HOME SURVEY. Find out how your heating bills can go down for a change. Year, after year, after year.

Confirmation Candidates Come Forth

St. Augustine's Confirmation candidates were formally enrolled in the program of preparation at weekend Masses Oct. 29 and Nov. 5.

They placed their contracts of commitment on the Baptismal font, received lighted candles symbolizing the presence of Christ in their lives, and renewed the promises made for them at their Baptisms. They agreed to attend classes and a day of recollection, and to become involved in service to the community before they decide to make their final commitments in the Sacrament of Confirmation in the Spring of 1980.

Photos, top right: students who were confirmed last year lead the procession into the church; center and below left, candidates receive lighted candles, and below, right: a future candidate looks on with interest.

Christmas School

Parents of four and five-year-old children are invited to enroll their youngsters in the annual Christmas School which will be held at Faith Lutheran Church Dec. 4-8. Classes will be held at the church, 360 South Main St., from 9:30-11:15 a.m.

Registration may be made by contacting Mrs. Glenn Krabec, 23 Launching Road, West Andover. The deadline for registration is Nov. 23.

Yule Fair Is Saturday

Preparations are underway by the women of the North Parish Church at the Old Center of North Andover for the annual Yuletide Fair to be held Saturday from 10 till 4. The fair will be held in the church halls and will feature Christmas tree ornaments, stuffed dolls and animals, hand braided rugs and chair pads, dried flower arrangements, bakery items, plants, crafts and gifts, plus books and white elephants.

Luncheon will be served from 11:30 till 1.

Health Club

The Lawrence Jewish Community Center's Women Health Club and Exercise classes are open to the public and meet weekly on Monday and Thursday mornings from 9:45-11:30 a.m. The exercise to music classes which meet from 9:45-10:30 a.m. are taught by Anne Lucey who has run these types of classes for many years at local Y's and schools. Following the Exercise classes the participants have an opportunity to use all of the Health Club facilities such as: steam room, sauna, sun lamps, exercycles, roller massage, electric belts, tilt boards, etc. Massages are available by appointment only.

For further information contact Barbara Berman at the center.

Service Honored

Roger Bower of Andover, center, Lawrence General Hospital trustee, presents Clarence Hill, of North Andover, hospital volunteer, with a pin signifying 12,500 hours of donated time. Mrs. Nancy Flewwellin, of Andover, chairman of the Aid Association volunteer committee, looks on.

Friends Achieve Tax Exempt Status

Donations made to the Friends of Andover Memorial Hall Library are now tax exempt thanks to the concerted efforts of Treasurer Samuel Anderson and Legal Advisor Walter Corcoran. Official notice of this status was received in the spring, making all donations, beginning with fiscal 1978, tax exempt.

This information is especially timely during the annual membership drive begun last month.

The Friends are looking for volunteers to operate a movie projector for the ongoing

ing nursing home movie program. Interested individuals with audio-visual training or a willingness to learn should contact the program's coordinator, Mrs. Austin E. Anderson or the Assistant Library Director, Barbara Pettus.

Board members for the current year are Mrs. Robert Cipro, president; Mrs. S. Joseph Hoffman, vice-president; Mrs. Carmine DiAdamo, recording secretary; Mrs. John Perlowski, corresponding secretary; Samuel Anderson, treasurer; Mrs. Thomas Lamson, membership; Mrs. Edward McManus, program; Mrs. David Riddiford and Mrs. Peter Olney, hospitality; Mrs. John Constantine and Mrs. Martin Weiser, volunteers; Mrs. Otto Sonnenschmidt, mailing; Mrs. Francis Sullivan, book sale; Mrs. Mark Robinson, publicity; Mrs. Harry McCormick, newsletter; Mrs. Michael A. Fine, ass't. newsletter; Walter Corcoran, legal advisor; John Barss, Sabatino Pitochelli and Mrs. Cleveland Gilcreast, at large.

Open House At Central

An Open House will be held at Central Catholic High School, 300 Hampshire St., Lawrence, Sunday from 2 to 6 p.m.

The public is invited to attend. All members of the CCHS Staff and Faculty will be present that afternoon.

Registrations for eighth grade students who plan on taking the High School Placement Test for Central Catholic High School for the 1979-80 school term will be accepted at the Open House.

Firemen's Ball

The Andover fire department will be conducting its annual Firemen's Ball this Friday night, Nov. 17 at the Andover Country Club.

There will be dancing from 8 p.m. to midnight. A buffet will be served during the evening. The affair is open to the public.

'Shoeing' In Retirement

AVIS President Nat Smith presents Harold R. Rafton with antique snowshoe as the latter was honored Tuesday night at the annual AVIS meeting. Rafton, who has obtained significant conservation acreage while a board member of AVIS retired from official duties, but will remain as an honorary trustee.

AVIS Honors Rafton

Harold R. Rafton, ardent conservationist, through whose efforts the Andover Village Improvement Society has acquired much of its holdings, retired as an AVIS officer this week.

Rafton was honored as he stepped down at the annual AVIS meeting Tuesday night at the Christian Formation Center. He had been serving as second vice-president and will continue to serve as an honorary trustee.

Nat Smith, AVIS president presented Rafton with an antique snowshoe, a significant award in view of the annual treks over the trails in winter by Rafton.

Also, AVIS presented him with a Paul Revere bowl noting his long service with the organization.

The town of Andover, through the selectmen, also took cognizance of Rafton's service to the community in issuing a proclamation Monday night, which was presented at the Tuesday meeting.

Noting AVIS as an organization formed in 1896 to beautify and preserve the character of Andover, the proclamation traced Rafton's association with the organization, as well as his personal ac-

complishments.

Portions of the proclamation read:

WHEREAS, Harold Robert Rafton, a graduate of Harvard College, Class of 1910, AB, summa cum laude; member of Phi Beta Kappa; founder and former President and Director of the Raffold Corporation of America and associated, the

Ulysses S. Grant's favorite breakfast was a cucumber drenched in vinegar.

Polaroid Breaks Ground; Expresses Thanks To Town

The ANDOVER TOWNSMAN

The Second Front Page

NOVEMBER 16, 1978

At The Controls

Chairman Albert Cole, Jr. of the selectmen and George Fernald vice president of Polaroid film division take the controls of the bulldozer at groundbreaking ceremonies for the new West Andover plant Monday morning.

Appreciation for the rapid processing of permits needed for construction of its new plant in West Andover, Polaroid officials conducted official groundbreaking ceremonies at the site Monday morning.

Hosting the gathering of Andover town officials, Polaroid administrators, and others involved in the West Andover industrial development, Robert Palmer, community relations director for Polaroid expressed appreciation for the reception to the firm here, through efforts to process the necessary permits needed to get construction moving.

Polaroid will build a 238,000 square foot plant in the industrial area, for the manufacture of its SX-70 film.

Thomas A. O'Brien, who will be the Andover plant manager, said the firm will employ between 700-900 people in its local operation. He was unable to determine how many would be from this area, since Polaroid has a policy of promoting from within, and there are already several Polaroid employees in the general area.

Site work for the new plant is almost completed, O'Brien noted adding that actual construction work should begin within a week or so.

Rapid site work and construction of the shell for the building is necessary since equipment for the plant must be built on-site, thus the need for quick action on approval and permits, once the decision was made by Polaroid to come to Andover. O'Brien said that work on building the equipment should begin next March, if schedules are met.

Palmer in his introductory remarks said that Andover's response following Polaroid's decision, "probably should be placed in the Guinness Book of Records," as he presented Gerald Hathorne, real estate manager for the company.

Hathorne said that the firm had reviewed 60 sites since the decision was made to construct a new plant in June. Andover officials were contacted in early September and work was underway in early October.

Arkwright-Boston Insurance Co., owners of the industrial acreage in West Andover, was represented by Charles Dolben, praised the town's planning for the area, which he said facilitated the move by Polaroid.

Chairman Albert Cole, Jr. of the selectmen, presented the greetings of the town to the company and pledged continued co-operation on the part of Andover with Polaroid and in the development of the industrial area.

Commenting on the town's desires to attract good, clean industry, Cole said that the Polaroid decision hopefully will encourage other firms to locate in the West Andover industrial area.

Polaroid will occupy about 38 acres near the Hewlett-Packard plant, with the building being tan in color. The front of the building will face the Brundrett avenue residential area, thus providing for trucking and other activity to take place in the rear.

Vappi and Sons of Cambridge are the general contractors, while the building and site work has been done by the architectural firm of Keyes Associates of Waltham.

A model of the proposed development was on hand at the ceremonies and will be placed in Memorial Hall library for Andover residents to view within a few weeks.

Fatally Injured In Crash

An Andover postal worker was fatally injured early Wednesday in an automobile-motorcycle crash on Broadway in Lawrence.

A Peter Cilcus, 46, 6 Burnham road, Andover, was pronounced dead on arrival at Lawrence General hospital after his car was struck by a motorcycle driven by Richard C. Spirdione, 24, 193 Lowell St., Methuen.

Two Lawrence police officers who were in the vicinity of Canal Street and Broadway, the scene of the accident, reported that Spirdione was operating his motorcycle at a high rate of speed, when he went through a flashing red light and hit the Cilcus car broadside.

Cilcus car was pushed up on the sidewalk scraped along a stone wall, struck a sign, slid across the street to a light pole went back over Broadway before stopping near railroad tracks on the east side of the street.

Spirdione was thrown from his motorcycle.

Both victims died of head injuries, according to Medical Examiner Dr. John Karbowniczak.

Cilcus was employed as a custodian at the Andover post office. A graduate of Lawrence High school, he was a Korean War veteran and a member of the Knights of Lithuania.

Survivors include his wife, Joan A. (Bingales); a son, Jeffery D. of Andover a step-sister, Mrs. Mary Mulford of Lawrence; two step-brothers, Edward Paul of Warwick, R.I., and V. John Paul, St. Claire Shores, Michigan, and several nieces and nephews.

A mass will be offered at St. Francis' Church Friday at 10 a.m. Burial will be in the Immaculate Conception Cemetery.

Friends may call today from 2 to 4 and 7 to 9 p.m. at the Boles Memorial Funeral Home, 184 Jackson St., Lawrence.

Memorial contributions may be made to the St. Francis Renovation Fund, 94 Bradford St., Lawrence.

Chongris Permit Denied

Permission for extension of a gravel removal permit for George Chongris for a Blanchard street location was denied by selectmen Monday night.

The request for extension was denied after Town Manager Jared S.A. Clark informed the board that Chongris had failed to submit topographical maps in anticipation of asking for the extension, along with other complaints.

The date for extension was Tuesday and the board was not presented the maps until Monday night by Atty. John Ford, counsel for Chongris.

Ford told selectmen the maps were ready for presentation and also that he was unaware of any complaints about operations at the pit.

Among others, Clark said that the building inspector had ordered Chongris to stop excavating near a water hole, but that the developer had continued operations in the area.

Chongris denied that he was ordered to stop, only to lace signs there.

Chongris said he had complied with all regulations stipulated by the board in issuing the permit a year ago.

Selectman Susan T. Poore told Ford that Chongris was aware not only of the stipulations of the permit, but that the selectmen could shut the operation down for any violation at any time.

After further discussion of matters pertaining to the pit operation, Chairman Albert Cole of the selectmen informed Atty. Ford that he did not think the board would be taking action on the matter, in view of the comments.

"I get those vibes, Mr. Chairman," Ford responded.

But, Selectman Virginia Cole moved that the permit not be extended, based on the fact that the topo maps were not presented until the night before the permit was to expire. It was seconded by Mrs. Poore.

Selectman James Abramson suggested waiting a week to talk further with the building inspector and town manager, but relented and voted with the majority in denying the extension. Only Selectman Edward M. Harris was opposed.

That December Quorum

There are some fears that a special town meeting Dec. 11 may have problems attaining a quorum, or, that the issues will not generate the interest for a fair assessment of the issues during the holiday season.

We tend to think otherwise.

The town is faced with some rather imperative decisions on that Monday night, and consequently there should be a good turnout.

Called principally for providing funds for installation of a sewer line to proposed expansion of the Raytheon property, voters will now be asked to also act on altering the school construction project.

Originally the school project was a \$10 million dollar item approved in the planning stages last April and due for consideration at next year's annual town meeting.

It called for drafting of plans for renovation and additional classrooms for East Junior High, a new auditorium and classroom building on the Shawsheen road campus and some alterations to the high and west junior high buildings.

In the planning process, and in conference with state building assistance officials, it is now possibly deemed more advisable to build anew at the East Junior High rather than renovate the antiquated structure.

Reasoning is that a new building on a per square foot cost basis, approximates the similar figures for renovation. Too, renovation of an old structure is fraught with possible problems once work commences. Contractors apparently are reluctant to tackle renovation vs. new construction due to the problems that may accrue.

One community, Lowell, following the renovation route, received only two bids on the project, both of which were over budget.

Thus it seems necessary to ask the voters to allow the school building committee to amend the scope of the project as designated last April. Such action will permit the examination of placing a new building on the East Junior high site and present same for approval at town meeting next year.

Also, there is reason to believe at this point that the \$10 million predicted for the total project last April, is not going to be sufficient, regardless of which route the town takes, thus some other decisions must be made,

possibly dealing with the size of the auditorium-classroom building for the high school site.

As for the Raytheon decision, it presents an interesting problem to the town.

Basically Raytheon would not have had to come back to the town for the additional sewer line, if the one installed in 1969 proved to meet the capacity for which it was built.

Intended to carry 1,000 gallons per minute, tests have proven the line only capable of handling 750 gallons.

What has happened, to the best of engineering knowledge, is that easements, or problems which occurred after construction was initiated, failed to provide the proper pitch for gravity feed. Correction through piecemeal means, or suggested relief, would be more costly than installation of an entirely new line.

Since the town promised the firm a line which has proven to be under intended capacity there is almost an obligation on the part of the town to follow through and provide the necessary relief now at a cost of \$150,000.

Paramount in consideration of the cost to the town is the return to be gained through potential tax revenue of an additional \$400,000 from the planned expansion of the industrial building.

Traffic problems, particularly irritating to some of the neighbors, who now foresee an additional 550 vehicles coming their way daily, is a problem.

But traffic problems will always exist in areas of industrial plants. Raytheon has constantly made efforts to ease the problems in the area. They are continuing that effort and are studying traffic pattern which will evolve when the employees of the Shawsheen plant are transferred up to the new building.

We view the traffic problems as not being insurmountable. Between now and Dec. 11 it behooves town officials to work with Raytheon administrators to resolve this matter. We are hopeful some amicable solutions can be reached by that time and continued afterward.

At the moment these will be the only two items to face the special Dec. 11 session, but their import is of such lasting consequence on the town, we feel confident of a sufficient turnout and prudent decisions.

The Public Forum

Soccer Shortchanged

To the Editor of the TOWNSMAN:

Before I remove my reporter's cap and put away my sons' cleats and shinguards, I would like to write an article, which I will caption "Soccer Shortchanged by Officialdom."

Soccer was introduced in Andover in the Spring of '77 and attracted 150 of our youth; three seasons later, it attracted over 800 boys and girls, with a lengthy waiting list. This phenomenal growth was to be expected when you consider that soccer (or football as it is known outside of the USA) is the most popular sport in the world and has been for hundreds of years.

One would assume that any sport appealing to such large number of our youth would encounter minimal problems. Unfortunately, securing an adequate number of playing fields has been a major problem, with soccer officials having to spend many, many hours with officialdom, with no guarantee that sufficient fields would be available until almost the start of the season. Why??? Let's face it, if 700 plus tax paying parents support their offspring's desire to play soccer once,

twice, even three times a year, they have the right to do so and since their tax dollars contribute towards the cost of the fields and their upkeep, they should obviously be given equal consideration in their use.

Elsewhere, the School Department is less than fair in the sports programs it offers, for example, football is offered to 8th, 9th and 10th graders; soccer is offered to 8th/9th graders combined, with nothing available for 10th graders. Why??? At the varsity level, football players use a stadium field in excellent condition (it should be, it is only used about 12 times a year!!) for their home games; soccer players use a field in very poor condition, making them much more susceptible to injuries. Why???

Furthermore, our Public Works Dept. spends many hours manicuring the baseball diamonds in the Spring, yet they dump snow all winter long on a field designated for soccer use by the Recreation Dept. Why???

Now I keep hearing that Andover is a football town; how about telling that to the 800 odd boys and girls who played soccer this Fall!!! I would like to think it is a town that is fairminded to all of its youth

and its taxpayers. My taxes have supported football for many, many years, and that's alright — I have several young friends who play football and one of these days I know I will cheer their exploits with the Warriors. Similarly, my taxes have paid for the upkeep of the fields used primarily by baseball over the years, and that's alright, too — many of my soccer friends opt for baseball in the Spring and my youngest son wants to try out for baseball when he is old enough to do so.

Let us all be glad that our youth now have an alternative sport in the Spring and Fall and they can select whichever one they desire. Let us all agree that the alternative should be given equal consideration and not tomorrow, but today.

Peace.

She Livermore
34 Wildrose Drive

Veteran's Day

To the Editor of The TOWNSMAN:

The observance of Veteran's Day on November 11th each year depicts that 60 years ago the Armistice was signed in the

11th month — on the 11th day — at the 11th hour. May we all keep this in mind each November 11th. Andover honored it's War Dead in 1978 with dedicated services in Spring Grove Cemetery at 11 o'clock — the Eulogy was delivered by Rev. J. Daniel — Pastor of the Free Christian Church, Andover. His eulogy was impressive — outstanding and explanatory as to why we honor our war dead from all wars each year on November 11th.

As I have two flags waving in the breeze in Spring Grove Cemetery relative to me — it saddened me greatly as I stood at the Veteran's monument and listened to Rev. J. Daniel's eulogy, to observe down the hill, four or five children climbing up and down, also sitting on monuments making a game of it — it appeared. I hope their parents next year will accompany them — their children to the services on Veteran's Day — so these children will understand and respect Veteran's Day. If children are taught to respect others, they will also respect their parents more fully — as well as Veteran's Day on November 11th each year.

For Those Of Us Who Are Older

By Janet D. Lake

The film at The Haven tomorrow morning — Friday, Nov. 17, at 10 a.m. will be "The Grapes of Wrath," that world-renowned Steinbeck epic.

If you like to sing, The Haven is your place to go every Wednesday afternoon. A group, under the direction of Helen Robinson, meet every Wednesday afternoon to join together in making music. They have become so proficient that this week they have performed at West Parish Church and also at the Academy Nursing Home. If you like to sing, they'll welcome you. If you like to listen, they'll appreciate you as an audience.

The next session of the mini-clinic will be held at the Ballardvale Church, Tuesday, Nov. 21 from 2 to 4 p.m. This free service is under the supervision of the Andover Public Health nurse, Mary Hamilton, and welcomes patients by appointment only. Appointments can be made by telephoning the Andover Board of Health.

There will be a make-up session of the free Flu Clinic Monday, Nov. 20 in the lobby of The Haven from 10 to 11 a.m. If you

need transportation, please call The Haven by Friday of this week.

The Haven will be closed next Thursday and Friday for the Thanksgiving holiday. Because there is only a half-day school session Wednesday, there will be no hot lunch Wednesday, Thursday or Friday of next week.

The next Pot Luck Lunch at The Haven will be held Nov. 29 at 12:30. You should call The Haven to tell them you'd like to attend, and also to let them know what you plan to bring. They'll be happy to give you ideas on what is needed if you ask.

There will be Line Dancing at The Haven Tuesday, Nov. 21 at 2 p.m. If you don't know how to do this partner-less type of dancing, they'll teach you. It's easy and fun. Why not plan to join the group.

The Peabody Christmas Shopping trip, scheduled for Nov. 28, will leave The Haven at 9:30 and will cost three dollars. Because it is expected that the group will return after closing hours of The Haven, there will be no transportation available from The Haven to home. Those wishing to go on this trip will have to make their own local transportation arrangements.

Nov. 30 at 2:30 p.m. a group of students from the Humanities Classes at Andover High School will present a free performance of The Nutcracker Suite at The Haven. This represents a very special effort, one you'll be sure to enjoy. Remember, Nov. 30 at 2:30 at The Haven.

Carol Sing

Boston's Christmas season lights up officially when Prudential Center hosts its Seventh Annual Carol Sing and Tree Lighting Ceremony at 6:45 p.m., Thursday, November 30.

Enjoy a little night music when Maestro Arthur Fiedler, accompanied by famed Boston organist John Kiley, leads thousands of holiday carolers in song and festivities as New England's largest decorated Christmas Tree, a gift from the Canadian Province of Nova Scotia to the City of Boston, is lighted for the first time.

The Carol Sing, which has become a Boston tradition, will include such honored guests as His Eminence Humberto Cardinal Medeiros, Nova Scotia Premier John M. Buchanan and Boston Mayor Kevin H. White as well as an appearance by

Santa Claus and a performance by The Stuart Highlanders, an eight-piece bagpipe ensemble. The 50-foot tree will be decorated with more than 15,000 multi-colored bulbs. It will remain lighted each evening from dusk to 11 p.m.

JACK ANDERSON WITH JOE SPEAR WEEKLY SPECIAL

Bureaucrats' Waste in 6 States Uncovered by Justice Department

WASHINGTON — The great federal spending scandal surpasses all others in sheer magnitude. For years, the bureaucrats have been squandering tax money. They waste more money than most governments around the world have to spend.

We have previously reported, for example, on the scandals at the General Services Administration. The Justice Department is now beginning to crack down and has uncovered fraud in half a dozen states.

But similar frauds are flourishing in other government agencies. Here are just a few:

— The bureaucrats at the Health, Education and Welfare Department let an estimated \$6.3 million in fraud and waste slip through their fingers during the 1977 fiscal year.

— Government auditors estimate that fraud in federal financial assistance programs surpasses \$2.5 billion each year. For example, the Agriculture Department loses \$500 million annually in food stamps — half of which, auditors believe, is due to fraud. The Labor Department estimates that cheaters got away with \$38 million in unemployment insurance overpayments in 1976.

— Untold millions are wasted each year by Defense Department procurement officers who pay \$2.19 each for screws that could be purchased for 35 cents; \$4.65 for tiny plastic

pins worth less than a dollar and \$3.35 for nuts that cost 60 cents in a hardware store.

— Pilferage at military supply centers accounts for additional millions of dollars in waste. The stolen items range from sunglasses and batteries to office supplies and gasoline. At the Norfolk Public Works Center, for example, more than 700,000 gallons of gas could not be accounted for. Navy investigators discovered that drivers were selling government gasoline by the truckload to unscrupulous businessmen.

There are many reasons for the tremendous waste of the taxpayers' money that goes on every day. One is that the bureaucrats have more incentive to spend money than to save it. Their promotions often depend on expanding their operations and their performance is often measured, therefore, by how much and how rapidly they spend.

Thrift could be practiced by the federal bureaucrats and millions could be saved merely by cutting down on the luxuries to which government executives have become accustomed.

The taxpayers maintain a fleet of automobiles, for example, for the convenience of top officials. In the old days, only officials of Cabinet rank had government automobiles. Anyone else was given streetcar tokens for official travel around Washington.

Manpower is also wasted in a thousand subtle ways. Trifling departmental decisions are processed by time-wasting, paper-consuming committees. All too often, their objective is to evade issues, shift responsibility and hand the work to someone else.

The more committees and subcommittees formed to share the burden of decision, the less chance that any single individual will be blamed. Anything produced by a committee is bound to be innocuous because so many people participate.

The system also encourages superiors to build staff empires, which will justify promotions and salary increases. The process begins when an official complains that the workload is too heavy for him to carry alone. He has no intention of dividing the work with a rival, so he starts accumulating subordinates.

Footnote: We try to keep a watch on waste in the government, and we encourage the participation of our readers. Anyone who has knowledge of government waste can write to us at P.O. Box 2300, Washington, D.C. 20013.

Spook Scoop: CIA Director Adm. Stansfield Turner recently gave a speech to the National Press Club and exhorted his audience not to leak his agency's secrets. Each anti-press statement, strangely, was greeted with loud applause. His enthusiastic supporters, it turned out,

were several retired CIA men who obviously agreed with the director's sentiments.

— The CIA, under some fire for having a cadre of spies that is mostly male, has put out the word that it is looking for a few good females for clandestine work. Adm. Turner, in fact, has pledged that he will dispatch a team of recruiters to any woman who calls him.

— When Turner was appointed director of the CIA, he was presented with a T-shirt emblazoned with the words, "Super Spook." His wife got one which reads, "Mrs. Super Spook." Turner wears his T-shirt when he plays tennis with FBI Director William Webster. The top G-Man, incidentally, wears ordinary tennis garb.

Inflation Hot Line: The White House has set up a special 13-person task force to take calls from citizens who have questions about the president's economic plans. The hotline crew has been receiving 500 to 600 calls a day for the past two weeks. Although the economic experts are assigned to give advice on how to fight inflation, they will also take calls from citizens who want to offer the president some advice. If you live in Washington, D.C., and have a question or advice to offer, call 456-6766. Those who live outside of Washington can call 800-368-9191. It is a toll-free number.

Your Hair Today

by Lou Durazzano

Proper shaping and grooming are essential for beautiful eyebrows as they balance your face, show expression and frame your eyes. The ideal eyebrow should begin above the inner corner of your eye and extend about 1/4" beyond the outer corner. The highest point of the arch should be above the outer rim of the iris. Tweeze hairs in the direction they grow from underneath and follow the natural shape of your eyebrow. Shape brows by brushing first; then feather short strokes upward from underneath the brow. To extend the line, use longer strokes. Finish with a small brush to blend and soften the line.

At SUPER CUT HAIR SALON, 93 Main St., 475-3711 we carry the complete line of Redken hair and skin care products which we feel are essential for your overall beauty. Since 1960 Redken has dedicated its time and energies to formulating products of superior quality. Our staff dedicates their time and energies to providing you with personalized service and attention so enjoy an adventure in beauty at SUPER CUT HAIR SALON. Keep in mind that our prices are competitive. Open: Mon.-Sat. 9-5, Thurs. and Fri. til 7.

HELPFUL HINT:

We don't recommend black pencil on your brows; it's artificial and heavy looking.

Poles In America

In the year 1608, a contingent of skilled Polish artisans arrived in the Jamestown colony and founded one of America's first export industries. Poles were among the intellectual and political leaders of Stuyvesant's colony of New Amsterdam. The great military strategists Casimir Pulaski and Thaddeus Kosciuszko are among the unsung heroes of the American Revolution.

From the seventh century to the present, men and women of Polish origin or descent have made important contributions in every area of American life — industry, finance, politics science, sports, theater, music, and art. A display featuring the life and works of some of these well known Americans is now on display at Memorial Hall Library.

The Grapes of Wrath

The next feature film in the Friday series will be "The Grapes of Wrath" to be shown on Friday, November 17 at 7:30 p.m. Forced from their Oklahoma farm by drought, failed crops, and the advent of mechanization, the impoverished Joad clan packs up and heads for California in search of better times. Faithfully adapted from Steinbeck's novel, John Ford's film reflects the bitterness, hardship and social injustice of the Depression years. Henry Fonda, Jane Darwell, John Carradine and Charley Grapewin star in this 1940 film. All feature films at the library are open to the public without charge.

Kitchen Sink Mime

As a special feature during Thanksgiving vacation, the Children's Room of Memorial Hall Library will present the Kitchen Sink Mime on Friday, November 24 at 2 p.m. Genevieve Aichele and Dennis McLaughlin will perform in a program of mime, music and story theater especially for children. Since this program is expected to be very popular, tickets will be distributed for children ages 6½ to 12 years starting at 1:30 p.m. in the Children's Room.

Introducing new Tanbark Oak by Tell City. Magnificent in style. Exquisite in detail.

So many things today's families want are combined in this striking new group!

The rich, beautiful grain pattern of natural oak, today's most popular furniture wood. With an unusually warm, mellow finish that subtly brings out the individual styling of each piece.

You'll really have to examine Tanbark Oak yourself to learn what a really outstanding

value it is. Tell City's design features etched glass hutch doors. Heavy sculptured pulls and deeply contoured fronts give this Early American furniture the solid "country" styling so popular today.

So stop in whether you're ready to buy or not. You'll want to be one of the first to see Tanbark Oak by Tell City.

Warriors Buried By Middies, 41-19

By Ben Bram

The Warriors and coach Dick Collins knew that, ironically, in a game between two offensive-minded teams (Andover and Dracut), the team that plays the best defense usually wins, but knowing it was not enough.

The Middies from Dracut tore through the Warriors' defense for 412 yards, 302 of them on the ground, and a 41-19 victory.

The game began with a bang as both team seemed capable of moving the ball. Dracut took the opening kickoff and drove down the field without even putting the ball in the air. Ron Monbleau and Dave Nicholau picked up big chunks of yardage enroute to a Middie touchdown, Nicholau leaped over from two yards out and Bill Stecchi kicked the extra point conversion.

The Warriors came right back and scored on three plays. After junior fullback Bill Stahley was caught behind the line of scrimmage, the Warriors caught Dracut's defense off guard with a long pass to Bill Lucey. The play, a pass from Manny Silva to Paul Farnham to Bill Lucey, picked up 46 yards and put the ball on the Dracut 17 yardline. On the next play Silva drilled an aerial to Farnham for the touchdown and tied the score with his extra point kick.

In the second period, Dracut took a 13-7 lead (which they never relinquished) on an eighteen-play drive. Nicholau picked up his second touchdown from less than a yard out, but the big play on this drive was a Stecchi to Rich Monbleau pass that picked up 19 yards. The two point conversion attempt was unsuccessful.

Dracut scored again in the second quarter when halfback Ron Monbelau hit his brother, Rich, with a 33-yard touchdown pass. Stecchi's kick made the score 20-7. A brief drive by Andover was stopped when the time ran out to the end of the half.

The Middies and Nicholas scored again as the big fullback carried a short pass over the middle 22 yards to paydirt. Stecchi's kick was good again to give Dracut an insurmountable 27-7 lead.

The Warriors' hopes rekindled, however, when fleet kickoff returner and receiver Paul Farnham brought one back 90 yards for a touchdown. Farnham sped through a narrow passage made by his blockers along the sideline. The extra point conversion failed, but the Warriors had closed the gap to two touchdowns, 27-13.

Dracut and substitute quarterback Kevin Conlon iced the game with an 11-yard touchdown run and Stecchi's kick. To add insult to injury, Ron Monbleau returned an interception of a Tom Walsh pass thirty yards for another touchdown and Stecchi's fifth extra point kick accounted for the last of Dracut's 41 points.

Walsh then led the Warriors down the field with passes to Melvin Berger (23 yards), Paul Farnham (26), and Bill Lucey (24). Two plays later he scored from fourteen yards out when the Dracut pass rush forces him out of the pocket. A 15-yard penalty on Andover negated a two-point conversion and placed the ball on the 17-yardline. Walsh's pass to Jamie Coombs was complete, but the Dracut defenders smothered Coombs before he could run to the goalline. The clock ran out a minute later and the final score was 41-19, Dracut.

Even though Dracut gained 110 yards

A.M.C. Hike

The Appalachian Mountain Club will sponsor a hike on Nov. 19 at 1:30 at the Ward Reservation on Prospect Road in Andover. The leaders will be Deanna Hammond and Eileen and Mike Broderick. Hikers will be able to choose one of two possible routes covering different trails. Both groups will meet at the parking lot on Prospect Road. For further information, contact one of the leaders.

(on 5 for 5 passing) against the stingy Andover pass defense, it was the impressive running game of the Middies that killed the Warriors. In gaining more than 300 yards on the ground, eight Dracut runners, compared to two for the Warriors, gained more than ten yards. The duo of Ron Monbleau and Dave Nicholau were the major ground-gainers. They were also directly involved in five of Dracut's six touchdowns. Not only did their running game gain lots of yardage, but it also kept the ball away from the Andover offensive unit.

Dracut ran 74 offensive plays, 59 of which were on the ground. The Warriors ran only 37 plays and were reminded of their earlier loss to Wakefield. Wakefield beat the Warriors, 7-0 in the season's opener at Eugene V. Lovely field, by controlling the ball on offense and thereby not allowing Andover to threaten consistently, quite similar to the situation in Dracut Saturday.

The Warriors, despite being beaten badly, did have some exciting moments. The 90-yard kick-off return by Farnham, the 46-yard flea-flicker pass play to set up the first Warrior touchdown, some nifty running by Manny Silva, the Walsh engineered drive at the end of the game, and a fine defensive performance by Dan "Cookie" Grams at cornerback, were some high points in an otherwise depress-

ing day.

The Warriors, now 6-3 overall, will face coach Gus Giardi's Red Raiders from Central Catholic, who will be trying to improve on their 2-7 record, on Thanksgiving morning. The game slated to start at 10 a.m. at Eugene V. Lovely field, pits the strong pass defensive of the Warriors against the Red Raiders' highly rated quarterback Jim Lefbure.

West Most Expensive

The West is the most expensive region in which to own and operate a car: 20.9 cents per mile. The cost in New England is 20.7 cents; Mid-Atlantic, 19.7 cents; Great Lakes, 19.6 cents; Southeast, 19.4 cents; Midwest, 19.3 cents and Southwest, 19.0 cents.

On The Soccer Fields

By She Livermore

The Under 8 Division ended its skills oriented program last weekend and whilst it is not possible to mention every participant individually, this reporter would like to say Well Done Rowdies, Timbers, Kicks and Teamen (first graders), as well as Strikers, Sounders, Hurricanes, Quakes, Aztecs, Diplomats and Cosmos (second graders).

Brief results of last Sunday's make-up games follow, as well as the Final Standings. See you on the soccer fields next Spring.

Division 1 Grade 3/4, Boys (Blue)

Leopards 1, Bobcats 1

The spirited BobCats played a very skillful first quarter, during which they made many assaults on the nets, all blocked by superior goal tending (Chris Colsia). The Leopards controlled the second quarter but their numerous shots on goal were stopped cold by alert goalie Matthew McKinnon. In the third quarter, the Leopards were awarded a penalty shot, successfully completed by David Penney, and when Henning Ohlenbusch scored a goal for the BobCats in the final quarter, the game ended in a hard fought tie. ESB: Eric Shannon, Stephen Hulse, Jeremy Levine, David Pinkney, Jose Guerra (BobCats) as well as Ricky Banzi, Mrs. Kirkland (Leopards).

Panthers 2, Tigers 0

The Panthers were the victors in a very exciting game which saw both teams playing their very best four quarters of the entire season. The Panthers scored twice in the first quarter of the entire season. The Panthers scored twice in the first quarter when Paul Davies booted the ball into the nets, quickly followed by Tim Higgins on a fine pass from Camerson Deery. The Tigers worked hard to get the ball into the Panthers goal zone but brilliant defensive play thwarted their effort and they were never able to score. ESB: Cameron Deery, Michael Campion, the Ciolfi brothers and Mrs. Shirazi (Panthers), as well as Michael Cox, Todd McAllister, Adam Wager, Judy Sillars (Tigers).

Bears 0, Lions 0

The Lions dominated much of the play in the first two quarters and they made some excellent shots on the nets, all blocked by the brilliant goal tending of Matt Santorn. The Bears took a strong offensive position in the third and fourth quarter, assaulted the Lions goal zone on numerous occasions but their many attempts to score were all blocked by super goalie Chris DiClemente. With a final score of 0-0, both teams split the points. ESB: Steven Gerroir, Robby Hogg, David Schwind, Barbara DiAdamo (Bears) as well as Matthew Lavin, Eric Jedrzejek, J.B. Burgess, Jeffrey DiDonato, Pat Dreese (Lions).

Grade 3/4 Boys (Gold)

Puma 7, Wolves 1

The Wolves took the lead when Richard Bourdelais booted the ball into the nets; however, the Puma played very strong, forced the spirited Wolves into a defensive position throughout much of the game and were able to score seven goals before the final whistle (Scott Plamondon, Mark

Neaves (5) and Ryan Murphy on a pass from Mark Neaves). ESB: Irene Reagan and the entire Puma line-up, as well as David Friedenson, David Nichols, Betty Harris (Wolves).

Rams 3, Jaguars 2

The Rams dominated the first quarter, during which they scored two goals (David Pratt on a pass from Matt Murphy, Nicky Coon on a pass from David Sorrie). The Jaguars controlled much of the rest of the play and tied it up when Kyle McCabe scored twice, once on a pass from David Seaman. The embattled Rams defended their goal zone with much skill and when David Sorrie scored in the final quarter, they won the points. ESB: Tom Clark and the entire Jaguars line-up, as well as Eric Poore, David Pratt, Mellie Coon (Rams).

Foxes 3, Cougars 0

The first two quarters were scoreless with both teams working hard to gain possession of and control the ball. In the third quarter, Jeremy Kaplan scored for the Foxes on a fine pass by Mickey Schallop and when Chris Sapuppo booted in two more in the final quarter, the Foxes won the points. ESB: Greg DeVoir, Steve Myskowski, Tom Tormey, John Mynttinen (Foxes) as well as Dot Driscoll and the entire Cougars line-up.

Division 5 Grades 7/9, Boys

Stompers 2, Metros 1

The Stompers took the lead when Peter Surrette booted the Ball into the Metros nets on a pass from Brian Sheehy. The Metros evened it up when Zack Apgar scored. In the second half, the Stompers played a much stronger game and the Metros fullbacks and halfbacks worked very hard to keep the ball out of their goal zone. After many unsuccessful attempts to score, the Stompers were finally able to get one in (Steve Carbone on a fine pass from Ken Heydt) and they won the points. ESB: John Lemieux, Ken Heydt, Debbie Bolan (Stompers) as well as Lyndie Lamson and the entire Metros line-up who played like professionals!

Sockers 2, Lancers 1

The Lancers with only eight players had a tough time when they played a spirited Sockers team anxious for their first win of the season. The Sockers scored twice in the first half (both by Ken Saliba on passes from Peter Bradford) whilst denying the Lancers any good shots on their nets. They kept up the pressure in the second half but their many shots on goal were all blocked by alert goalie Ray Adams. The Lancers were able to score on one occasion (Tony Romano on a pass from Rich Mangano)

but were still one down at the final whistle. ESB: Danny Kimball, Peter Shipula, Sean Ross, Rachel Thompson (Sockers) as well as the eight overworked Lancers players and Mona Reed.

Roughnecks 4, Tornadoes 3

The game was all tied up at the end of the first half, both teams having scored two goals apiece (Jeff Curley, Chris Egan on a pass from Jeff Curley for the Roughnecks and John Parthum on a pass from Kevin Hannon, Kevin Hannon direct for the Tornadoes). Both teams worked hard to increase their score in the second half and when the Roughnecks were successful twice (Jeff Curley on a pass from Brandon Bachner, John Nardoza on a pass from Jeff Curley) and the Tornadoes only once (David Souter direct), the Roughnecks won the victory points. ESB: Hank Egan, Jim Flynn, Jenny Drozick (Roughnecks) as well as Brian Bedell, Rick Desmarais, Jim Batten (Tornadoes).

Marathon Benefits Heart Fund

the fight against this nation's number one killer, Heart Disease.

The Andover High School Cross Country Track Team will sponsor a 300-mile relay marathon for the benefit of the American Heart Association, Northeast Mass. Div. The 41-hour non-stop event will begin at 4 p.m., Nov. 17 at the Andover Police Station and proceed throughout various routes in the town ending up on Nov. 19 at 8 a.m. back at the Police Station. Local running enthusiasts who will be out jogging

this weekend are also invited to participate by running alongside the marathoners.

Team members are now involved in recruiting sponsors to help spur them on. Mercury Systems of Andover, has helped by donating a gift certificate to the runner who collects the most in pledges. Organizing the relay marathon are Duane Innes and Kevin Worthley, co-captains of the

Andover High cross country team. The money raised from this event will help in

Area businesses and individuals interested in making a pledge are asked to call the Heart Association Office.

Swimmers In Title Meet

Eight qualifying representatives from the Andover High School Girls swim team competed in the Northern District swim championships held at Medford High School this past Saturday.

The girls, under the direction of first year coach Lise Hembrough, swam their way to a superb team effort that gained them fifth place in the 32-team field.

The medley relay team of Dianne Clendaniel, Tricia Wright, Katie Wall and Ann Hart placed tenth with a 2:10.3 clocking. Eileen Hanawalt scored 11th in the 200-yard freestyle while teammate Linda Fitzgerald held ninth place in the 200-yard individual medley.

Three A.H.S. swimmers, Scanlon, Lisa Caputo and Debbie Bates won points in the 50-yard freestyle with times of 27.4, 27.7, and 27.2 respectively. Co-captain Clendaniel swam the 500-yard freestyle in 5:58.5 which was good for 12th place.

Bowdoin Coach Is Speaker

Sidney J. (Sid) Watson, hockey coach at Bowdoin College and one of the nation's most successful coaches, will be the guest speaker Nov. 21 at a luncheon meeting of the Bowdoin Club of Boston. The meeting will be held at 12:30 p.m. at Joseph's Aquarium Restaurant, 100 Atlantic Ave.

Bowdoin has had only four losing hockey seasons in the 19 years Watson has been coaching Polar Bear varsity men's ice teams. His squads have won 256 games, lost 156 and tied 8 for a winning percentage of .619 — tops among current New England small college coaches who have coached five seasons or more.

Watson's 1977-78 team won the Eastern College Athletic Conference Division II East championship and he was named National College Division Coach of the Year for the third time in his career.

He joined the Bowdoin staff as coach of hockey in 1959 after four seasons as a half-back in the National Football League with the Pittsburgh Steelers and Washington Redskins.

A native of Andover, Watson graduated in 1956 from Northeastern University after an outstanding football and hockey career there. In 1975 he was inducted into Northeastern's Athletic Hall of Fame.

Little League Annual Meeting

The annual meeting of the Andover Little League will be held Tuesday, Nov. 21 at 8 p.m. in the Memorial Hall at the Town library. Major items to be discussed are: elections of the board of directors, plans for the 1979 season, discussion of rule changes such as the "curve" ball, the number of innings a child may pitch in a week, and the requirement that all play a minimum number of innings.

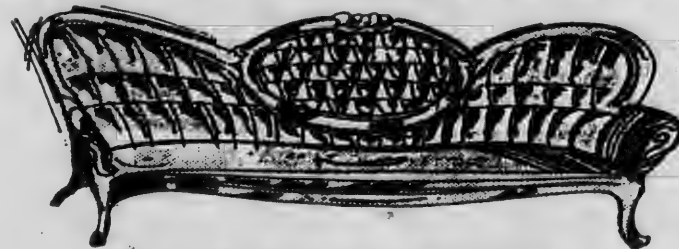

All are welcome and your attendance will be appreciated as new ideas and help is always needed in this program which had more than 600 Andover youth enrolled.

Fitzgerald again scored points for the team with a fifth place in the 100-yard backstroke, while Wright finished sixth in the same event.

In the final event of the day, Bates, co-captain Hart, Hanawalt and Fitzgerald combined to take a second place in the 400-yard freestyle relay establishing a new A.H.S. record with a clocking of 3:57.5.

Coach Hembrough reports that all eight girls have qualified for the State Championships to be held in Gardner this Saturday. The team practices at Phillips Academy while home meets were scheduled at the Voke School during the dual meet season.

Co-Ed Flag Football

Flag football was a very popular activity in physical education class at West Jr. High this fall. Students learned skills in passing, catching, punting and kicking as well as rules and strategy. This is Andover's fifth year of co-ed gym classes and it has proven to be beneficial to both boys and girls alike. Fitness levels have increased and the students have a better appreciation of each other's skills.

Best In Key Role At Dartmouth

Bill Best, a freshman at Dartmouth College, played a key role in the Pea Green Freshman "B" Football team's third win of the season. Dartmouth came from behind to defeat Middlebury 26-21.

Punter Best was crucial in putting Middlebury in poor field position throughout the contest, but particularly in the second half in which Middlebury was outscored 19-0. He averaged 35.4 yards per punt, and launched one 59 yards.

At Phillips Academy, Best earned three letters in football and was named captain his senior year. He is the son of Mr. and Mrs. George Best of Andover.

Pack 72 Awards Presented

Cub Scout pack 72 of Andover held its monthly pack meeting at the Free Church Oct. 24, centered around a Halloween theme and haunted house.

Seven scouts were winners of the homemade mask contest: Doug Bleszinski, Matt Lavin, Chris O'Neil,

Brian Norris, Tommy Ciofli, Michael Smeltzer and Booth Kyle.

Bobcat Badges were presented to David Stark, Booth Kyle, Todd Morton, David Grace, Robert Hughes, Brent Gavin, Darren Sanborn, Glenn Harrison, Tony Ciofli, Tommy Ciofli, David Lewis, Joshua Yezerski, Doug Bleszinski, Tim Hegarty, Eric Goodman, Jonathan Butt, John Knowles, Robert Beanland, Todd O'Brien, Michael Kirkpatrick, Michael Smeltzer, Adam Lavin, Keith Chadbourne, Michael Campion, Jeremy Levine and Daniel Norris.

Other awards included Gold Arrows to Brian Lannan, Robbie Schmidt, Tommy Morton, Matt Lavin and Eddie Greenwood; Silver Arrow to Ian Davis; and Honorary Bobcat Badge to Andrew Marshall of Wales, Great Britain, a guest of Tommy Morton.

It took astronauts about three days to get to the moon; at that rate, it would take 878,000 years to reach the closest star, Proxima Centauri.

Physical Fitness Competition

Cut Scout Pack 100 recently held their Physical Fitness Competition at Sanborn School. The following Cub Scouts participated in the five events: David Ainscow, David Clarke, Jonathan Daly, Chris Gully, Greg Harris, David McDonough, Matt Murphy, Chris Nelson, Casey Pant, Gary Pelczar, Scott Plamondon, Jim Regan, David Seaman, Ross Weaver, Gary Lee Witover, Brian Worcester, Chris Workman, and Matt Young.

Winners in the eight-year-old group were: Standing Long Jump, first, Chris Nelson, second, Ross Weaver, third Gary Witover and Brian Worcester; Softball Throw, first, Ross Weaver, second, Chris Nelson and Chris Workman; Sit-ups, first, Ross Weaver, second Gary Lee Witover, third, Chris Nelson; Fifty-Yard Dash, first Gary Pelczar, second, Chris Nelson, third, Brian Worcester.

Winners in the nine-year-old group were: Standing Long Jump, first, Chris Gully, second, Matt Murphy, third, David Ainscow; Softball Throw, first, Jonathan Daly, second David Ainscow, third, Greg Harris; Push-ups, first, Greg Harris, second, Chris Gully, third, Matt Murphy; Sit-ups, first Greg Harris, second, Chris Gully, third, David Clark; Fifty-Yard-Dash, first, Chris Gully, second, Greg Harris, third, Jim Reagan.

David McDonough was the only participant in the ten-year-old group.

"Forgive others often, but yourself never."

Pee Wee A's Beat Methuen, Lose To Chelsea

By Greg Smith

Last week the Pee Wee A hockey team played two of their best games of the young season. On Saturday morning, Andover recorded its first victory at Wilmington defeating Methuen by a score of 6-1. The following Monday, the local boys dropped a disappointing 5-4 decision to Chelsea which was only their second loss in eight games played at Danvers. In both contests, Andover received excellent goal tending from twelve year olds, Mike Gibson and Steve McDowell.

Andover 6, Methuen 1

From the opening face off Andover came out fast and played good, sound, two-way hockey. As play went from end to end, Andover was held off as the Methuen goalie turned aside several scoring opportunities. On one occasion, Billy Donovan was literally robbed of a goal as his high wrist shot from the right face-off circle was caught at the last moment. Seconds later, defenseman Mike DelTrecco fired a low slap shot from the point which deflected off a Methuen player and still ended up in the goal-tender's glove for a save.

The frustration was beginning to mount and to make matters worse, Methuen broke the scoreless deadlock at 7:15 when McDowell was beaten on a 3-1 break. The score remained at only 1-0 through the rest of the period primarily due to the heads-up playing of McDowell in the Andover net.

Andover finally got on track at the 10:01 mark of the second period when center Ken Crawford fed Zack Apgar a perfect pass which Apgar immediately shot past the beaten goaltender. This same line clicked again on their next shift as winger Barry Enos set-up Apgar's second goal of the game at 6:30 to give Andover their first lead at 2-1.

By this time, the local boys were gaining confidence and momentum and Methuen was hoping to end the period without any further damage. However, there was more to come as defenseman Shane Smith stole the puck in his own end and broke out with Chris Morrison and John Moracco. As the three closed-in on the Methuen end, Moracco set-up a screen and Smith's low backhand shot went between the goalie's pads for an unassisted goal at 3:59 giving Andover a 3-1 lead at the end of two periods.

As the third period opened, McDowell turned aside four consecutive shots on one rush and Apgar relieved the pressure by skating the length of the ice, put a shift on the goalie and scored his third goal of the game at 10:58 to complete his hat trick. For the balance of the period, Andover applied contact pressure on offense and received fine defensive efforts from Fran Ferrara, DelTrecco, Donovan and Smith. Meanwhile, the teams leading point getter, Jon Crawford, found the range at 2:10. On the play Apgar made a drop pass from the right side which Crawford picked up as he rushed from his point position and shot a 15 footer past the goalie for a 5-1 lead.

The final tally of the morning came with a little over one minute to play as the picture passing off linemates Apgar and Ken Crawford set-up Barry Enos's goal to ice the 6-1 victory with 1:20 remaining in the contest.

Chelsea 5, Andover 4

The following Monday evening, Andover faced-off against a big Chelsea team at Danvers and lost a breath-taking 5-4 deci-

sion. This game matched two teams that had everything going as they both played disciplined team hockey all night. In what has become a trait with the Pee Wees this year, Andover surprised Chelsea by scoring off the opening face-off. On the play, Billy Donovan broke in along the boards and layed a centering pass on Jon Crawford's stick which he shot back-handed over the reach of a sprawling Chelsea goalie at 11:39.

This lead was short-lived as Chelsea tied the score less than a minute later at 10:47 and Andover fell into a defensive shell which produced the inevitable as Chelsea pulled ahead 2-1 with 6:19 left in the period. At this point, Andover needed someone to give the a boost and it came from goalie Mike Gibson as he continued to turn aside shot after shot.

Late in the period, defenseman Tom Marjerison broke up a 3 on 1 rush and rode the puck carrier into the boards. As this

happened, Zack Apgar picked up the loose puck and worked it into the enemy zone where Jim Moracco set-up a screen in front of the net and Apgar shot the puck past Chelsea's goalie giving Andover a 2-2 tie at the end of the first period.

For the most of the second period, both

Harvest Ball

Rock and Roll the night away at the Harvest Ball on Friday, Nov. 24. The dance will be opened to all special needs children ages 14 years and older and will be held at the West Andover Community Center. Interested persons should register at the department of community services office, 36 Bartlet St.

All About Thanksgiving

This children's workshop offered for 4½-7-year-olds will take a look through children's literature on the history, traditions and celebrations of the Thanksgiving holiday. The program will be offered on Saturday, Nov. 18 from 9:30-11:30 a.m. Individuals can register at the DCS office between 8:30 a.m. and 4:30 p.m., Monday through Friday.

Sunday Open Gym

There will be no gym program offered at the high school on Sunday, Nov. 19 because of the annual Andover Elks "Hoop Shoot" which will be taking place in the gymnasium on that day. The open gym program will resume during the normally scheduled times on Sunday, Nov. 26.

Hockey

(Continued from Page 45)

teams skated up and down the ice at a furious pace. Then at 3:10, Andover took their second lead of the game when Barry Enos set-up high scoring Apgar's second goal of the night. No sooner had the puck been dropped on the following face-off when wings Shaun Bateson and John Moracco set-up Chris Morrison's tally at 2:32 giving Andover the largest lead of the night at 4-2. However, 31 seconds later, Chelsea pulled to within one goal and later tied the score at four all with only 38 seconds remaining in the period.

Andover found themselves in a hole early in the third period as they were two men short while DelTrececo and Jim Moracco were serving minor penalties, but the penalty killing unit of Shane Smith, Tom Marjerison and Jon Crawford held off Chelsea until Andover returned to full strength. Successfully killing the penalty appeared to inspire the boys because the next shift of Jeff Kennedy, Apgar and Jim Daly up-front and Dean LoPresti with Fran Ferrara as defense supplied unrelenting pressure on Chelsea's goalie in the net. Unfortunately, they were unable to connect.

Shortly thereafter, Chelsea went ahead as their center controlled the puck off a face-off in the Andover end and beat Gibson on a shot when he was left totally unprotected by his teammates. Now, with six minutes left, Andover came on like gangbusters relentlessly storming the enemy net. With 1:30 left Coach Gilmartin pulled Gibson from the net in favor of a sixth skater. Chelsea could not clear the puck and finally forced a face-off with 40 seconds remaining. Andover sent out Crawford, Apgar, Donovan, Daly, Enos

and DelTrececo to try for the equalizer. These six skaters controlled the puck and repeatedly fired shots at Chelsea's net but to no avail. The final whistle sounded as Jim Daly's shot landed under a pile-up in front of the crease.

The loss was tough to swallow but the game was extremely clean, hard-fought and exciting for all the fans at the Danvers Twin Rinks to watch.

Energy Pamphlets Available

The Energy Bill signed into law by President Carter features a section cutting the cost of solar energy systems and, "will encourage hundreds of homeowners to look into and purchase solar heating equipment," the Director of the Massachusetts Solar Action Office said today.

William Osborn said that, since the energy bill was passed by Congress in October, many people have been calling the Solar Action Office seeking information about the different types of solar energy systems. In anticipation of the expected boom in the solar field, the Solar Office has published a number of free booklets to help homeowners learn about solar energy.

These publications include Here Comes The Sun, answering the more commonly asked questions about solar energy; a Solar Grants Guide, explaining how to prepare grant applications and where to look for solar grants; and a List of Massachusetts Solar Industries, describing solar companies located or operating in Massachusetts.

The office also provides Solar Hot Water System Installation Guidelines, showing homeowners the step-by-step approach of installing a solar domestic hot water system; Don't Get Burned by Your Solar Contractor, offering tips to consumers on how to avoid unscrupulous solar installers; and a List of Major Massachusetts Solar Installations, mentioning some of the more unusual solar sites in the state.

The energy legislation, which Carter signed yesterday, offers a tax credit of 30 percent of the first \$2,000 and 20 percent on the next \$8,000 for homeowners installing a solar system in their home. The average price for a fully installed solar domestic hot water system runs around \$2,200 without the credits.

"Homeowners planning to install a solar domestic hot water system within the next year, should also take advantage of the \$400 grant program," said Osborn. Under this grant program, the Solar Action Office will give homeowners \$400 to help

lower the cost of installing a solar hot water system in their home.

Anyone interested in receiving any of the booklets mentioned above or a solar grant application can call the Solar Action Office, One Ashburton Place, Boston.

Longest Bicycle

The longest tandem bicycle ever built is the Farway multipedex, according to the American Automobile Association. Unveiled at Farway, Devon, England on Aug. 26, 1974, it seats 32 and measures 62 feet, eight inches in length.

In fall and winter, check your tire air pressure each week. Triple-A reminds motorists that for every 10-degree drop in temperature, tires can lose a pound of air pressure. Check pressure levels when tires have been driven on less than three miles and adjust air pressure accordingly.

Rafton

(Continued from Page 32)

Rafton Laboratories, Inc., and of the Rafton Engineering Corporation: a practicing chemist to whom has been granted some 150 U.S. and foreign patents; a life member and fellow of the American Association for the Advancement of Science, and member of the American Chemical Society, the New York Academy of Science and many other professional and social organizations; established his residence in Andover in 1928, and

WHEREAS, the said Harold Robert Rafton, having already set an admirable example as a public-spirited citizen by serving his country as an officer of the Chemical Warfare Service of the U.S. Army in World War I, and the Town of Andover in numerous volunteer capacities in such organizations as the Parent-Teachers Association (of which is a former President) and the former Andover Coop, became a member of AVIS and in the late 1950's began to devote his untiring energies to that organization, and

WHEREAS, since Harold Robert Rafton's association with AVIS, emphasis has been placed on the preservation of the

natural environment, and the lands acquired and set aside for conservation purposes have increased ten-fold, in large measure due to his dedication to the philosophy of the conservation of natural resources, and to the efforts he has made to raise funds for the purchase of open lands through voluntary contributions, sales of excess lands, and other sources, and

WHEREAS, the said Harold Robert Rafton has been the recipient of citations for his conservation work from the Massachusetts Audubon Society and the Massachusetts Department of Natural Resources, and

WHEREAS, Harold Robert Rafton will retire for the last time from his office as second Vice President of AVIS on November 14, 1978, and it is considered appropriate for the town to recognize that fact, now

THEREFORE, be it RESOLVED by the BOARD OF SELECTMEN of this town, by unanimous vote, Town Meeting not being in session, that the THANKS of the Town of Andover be extended on this occasion to Harold Robert Rafton for the signal achievements which his efforts have produced in behalf of the conservation of natural resources in this Town while a member and official of AVIS.

Local Man Promoted

Stephen A. Smith of Andover, has been promoted to financial manager at Compugraphic Corporation of Wilmington, according to an announcement by David Hepworth, vice-president and treasurer.

In his new position, Smith will be responsible for cash management, including bank relations, cash disbursements and receipts, and cash projections. He will also be involved in the areas of investor relations and insurance.

Prior to joining Compugraphic, Smith was a staff officer at The First National Bank of Chicago. His most recent position at Compugraphic has been as manager, leasing and rentals.

Smith is a 1971 magna cum laude graduate of Harvard College, and holds an M.B.A. from the University of Chicago.

(Continued from Page One)

exercised judiciously by the legislature, the town could be placed in the position of having to lay off employees, he advised.

There is the possibility that in view of the change in costs of the total project, as well as the scope, there may be some scaling down of the originally plans for the auditorium-classroom building at the high school.

Current aim of the town-school discussions is getting approval from the voters on Dec. 11 to allow a thorough examination of the total project scope in order to make a presentation to next year's town meeting in the best interests of the future of Andover.

Survey Shows Profits, Prices Up In New England

Profits were higher than they were last year for more than three-quarters of New England's small-business executives — but so were the prices they charged for goods and services — according to a recent survey on the New England economy conducted by The First National Bank of Boston and the Smaller Business Association of New England.

"This is consistent with the national economic picture," says Dr. James M. Howell, senior vice-president and head of the bank's economics department. "While profits declined nationally during the first half of 1978, the second quarter rebound was considerably stronger than anticipated," Dr. Howell says. "Rather than lagging the national economic resources, New England this time has been enjoying the same upturn that's affecting the rest of the country."

Most businessmen — 91 per cent — said they increased prices an average of 8.9 per cent over last year. Those in high-technology industries reported the largest price increases, as high as 30 per cent more than a year ago, and the highest profits.

Of those who did not post a price increase, many said they planned to raise prices before year-end.

"It should be noted, however," says Dr. Howell, "that this survey was taken before the President outlined his seven per cent guidelines on combating the inflationary spiral. We don't know how businessmen will react to the President's suggestions."

Increased material costs was the reason most companies gave for the price hikes.

"We expect to be forced to implement a price increase by Jan. 1, 1979 of seven to eight per cent," noted a Massachusetts executive in the rubber and plastics industry.

Companies reporting higher profits were sprinkled throughout New England. "We took a beating in July due to preparation for new product emphasis and vacations. However, we obviously improved our position over last August when we suffered a net loss," said a fabricated metal product producer.

An electrical machinery manufacturer said in the survey that "Profits are more difficult to come by even with higher shipment rates. Increasing costs of materials, labor and other services are more than offsetting our modest price increases and added volume. We are enjoying decent profitability, but not what we might expect at this volume."

Dr. Howell also notes that inventories in New England are running higher than the

rest of the U.S. But, he adds, shipments are rising as well, so sales to inventory ratios are remaining the same. "The businessman in New England is aware of this relationship and watching it closely. He doesn't want to be caught with an oversupply in the face of slackening consumer demand," says Dr. Howell.

A key to the future of New England's economic growth, according to Dr. Howell, would seem to depend on the effectiveness of President Carter's anti-inflation program.

Six Economic Indicators — Survey results on the six major economic indicators for New England were:

Shipments — were higher for 86.4 per cent of the September sample on an annual basis and lower for 9.0 per cent.

New Orders — were higher for the same number of companies, 86.4 per cent, with 13.6 per cent reporting lower new order figures on an annual basis.

Salary increases — averaging 8.5 per cent were granted by 86.4 per cent of the September reporting companies, while wage increases slightly lower (8.4 per cent) were given by the same percentages of companies.

Price increases — averaging 8.9 per cent were posted by 91.0 per cent of the companies reporting during the past 12 months. A monthly average increase of 3.5 per cent was noted by 18.0 per cent of the

sample.

Profits were higher for more than 75.0 per cent of the companies reporting, while only 4.5 per cent reported lower profits than last years' levels.

Astronomy Course At Museum

An astronomy course tailor-made for the laman is now offered by the Hayden Planetarium at Boston's Museum of Science.

"Planets and Stars in Plain English," starting Thursday evening, Nov. 30, uses a non-technical approach and a light touch to bring participants up to date on these celestial objects, as well as on comets and asteroids. Rather than concentrating on identification, the course stresses the nature of the objects.

Planned for those aged 16 and older, the course meets on eight successive Thursdays from 7:30 to 9:30 p.m. The fee is \$40, with a five-dollar discount for Family and Contributing Museum Members. Call to register.

The Federal Railroad Administration predicts that 14.8 million people will ride the upgraded Northeast Railroad Corridor when the project is complete around 1981. This is an increase of 53 percent over 1977.

Architect's Rendering of New Polaroid Plant Phone Co. Aids Fuel Conservation

New England Telephone doesn't "fuel" around when it comes to gasoline conservation.

Especially when the company's thirsty fleet of 9,244 vehicles has an annual gasoline consumption of about 8.2 million gallons.

In a new campaign to help reduce the use of gasoline and its resulting high costs, the company is installing fuel consumption meters in a number of vehicles in its five state operating area. These meters will help demonstrate that the drivers themselves make the big difference when it comes to fuel economy.

At a meeting announcing the new program held recently in Boston, Delbert L. Emery, New England Telephone vice

president-operations planning and staff, explained that by increasing fuel mileage by one mile per gallon, the company could save 737,000 gallons of fuel per year. That's about \$479,000 at today's prices.

Emery said that although the purpose of the campaign is to make people aware of the drivers role in conserving fuel, its common sense approach should also increase safety awareness.

Writes Math Textbook

Richard W. Daniels

Richard W. Daniels, a former resident of Andover and graduate of Andover High School, has recently written a textbook entitled *An Introduction to Numerical Methods and Optimization Techniques*. The book was published by Elsevier North-Holland of New York, N.Y., and Oxford, England.

The book is an undergraduate text that was written to fill an existing void in the field of mathematics. Although numerical methods and optimization techniques share a common philosophy, they are rarely taught in the same course. This text links the two procedures by treating optimization techniques as a collection of numerical methods that have been linked together in a specific way. Thus once a student becomes familiar with numerical methods the extension to optimization techniques is natural.

Because the application of many of the processes in the text require the use of a computer, numerous computer programs are included. There are problems at the

end of each chapter to help extend the material presented in the book and also check the reader's knowledge of subtle points. These problems also illustrate the application of the programs or equations, and present the computer as an ally for the reader's future endeavors.

Richard W. Daniels, the son of Mr. and Mrs. Almon Daniels of Andover, now resides in Bradford. He graduated summa cum laude from Brown University with a B. S. degree in engineering. He then joined Bell Labs and while working earned an M.S. from M.I.T. and a Ph.D. from Northeastern University.

Dr. Daniels is also the author of another book, *Approximation Methods for Electronic Filter Design*, published by McGraw-Hill Book Co. in 1974. That book was written for the practicing engineer to serve as an aid in linking mathematical theory to the production of electrical networks.

Vacation Special At Museum

The Lowell Museum begins its second season of "Vacation Specials" for children on Friday, Nov. 24 at 10:30 a.m.

An original play entitled "Clowning Around" will be performed by the Chelmsford High School Drama Club. Written and directed by Laurel Morgan, it is a story that tells what happens when a terrible villain steals all the clown's smiles! This is the second time that the students of Chelmsford High have performed at the Lowell Museum and they are well-known for their creative endeavors in the area of children's theatre.

Costumes for the performance were designed by Beth Tousignant and the clever dance numbers were choreographed by Tammy Richards.

PHS Reunion

There will be a meeting at the home of Doug Howe, class president, at 9 Smithshire Estates on Monday, Nov. 27 at 7:30 p.m. to plan a 50th reunion of the Pynchard High Class of '39.

Any members of the class than can make this first meeting are urged to attend.

Unveils Marker

Kurt P. Lengemann, the son of Mr. and Mrs. Peter H. Lengemann, 88 Spring Grove Road, last month had the honor of unveiling a marker at the York-Interstate Fair in York, Pa., which designated the fair as the oldest agricultural fair in the United States. It's charter was presented by the Penn Family in 1765. Peter is the grandson of Mr. Glenn E. Bailey of York, president of the Fair, and Mrs. Bailey.

On Committee

Lewis Gack, CPA of Andover has been appointed to serve on the member services committee of the Massachusetts Society of Certified Public Accountants for the year ending April, 30, 1979. This committee will work to enroll every Massachusetts CPA as a Fellow of the Society and to increase the number of qualified associate members. A graduate of Boston University and Suffolk University Law School, he is presently a partner with the firm of Elmer Fox Westheimer & Co., in Boston. Gack has been a member of the Society since 1967.

Shakespeare Theme For Annual Fair

Merry Christmas, Shakespeare! That's the festive theme of the Massachusetts Horticultural Society's annual Christmas Fair, Dec. 7-9 at Horticultural hall, 300 Mass. Ave., Boston.

Shakespeare's presence at the three-day extravaganza will be portrayed in several exciting ways:

A standard flower show presented by talented members of the Garden Club

It cost an average of 19.8 cents per mile to own and operate an intermediate sized car during the third quarter of the year, according to The AAA — an increase of .2 cents per mile.

Herbert Gray

Addresses Real Estate Program

"How Industry Leaders View Neighborhood Revitalization" was discussed by Herbert W. Gray, president of the Savings Banks Association of Massachusetts, at a recent "revitalization" clinic held in Boston.

Representatives of major trade associations in the housing, real estate and mortgage lending fields gathered to participate in the clinic, which focused on ways to involve private sector businesses in community revitalization. The Community Revitalization Clinic is holding sessions in major cities around the country and is sponsored by the Industry Task Force on Community Revitalization. An alliance of national organizations, the Task Force's main goal is to form local committees to assist in both short and long-range community planning.

President and chief executive officer of Suffolk Franklin Savings Bank, Gray attended Boston University and is a graduate of the National Association of Mutual Savings Banks Graduate School of Savings Banking and Management Development Program. Gray is a member of the National Association of Mutual Savings Banks' Committee on Education and Management Development, as well as the Special Committee on Consumer Affairs.

Active in many civic organizations, Gray is the vice president of the Andover - North Andover YMCA; a member of the committee of management, Camping Services of the Greater Lawrence YMCA; and involved with the Y's Mens Club of Lawrence. He is a trustee of donations, Protestant Episcopal Diocese of Massachusetts, as well as a trustee of the Lawrence General Hospital. He is also a lay reader at St. Paul's Episcopal Church in North Andover.

Suffolk Franklin Savings Bank is the fourth largest savings bank in Massachusetts with assets of more than \$642 million. A Mutual Savings Bank and Member FDIC/DIFM, Suffolk Franklin

has 14 offices in the metropolitan Boston area.

Gray and his family reside in North Andover.

Seaweed

Worldwide seaweed harvest is 1.7 million metric tons, worth half a billion dollars, Massachusetts Audubon says. Seaweed contains thickeners (agar, algin, carrageen) used in toothpaste, milk, ice cream, pudding, soap, paint, polishes, pill coverings and in sizing for clothing.

The 300SD Turbodiesel, one of the few cases where a new car truly justifies the term "breakthrough"

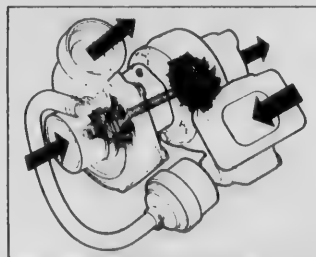

Mercedes-Benz unveils a new kind of performance automobile: the 300SD Turbodiesel Sedan

It is turbocharged engine boosts power and torque and transforms Diesel performance, while fuel appetite is actually cut. And this advance is matched by the car itself—the most capable, most sumptuous Diesel in Mercedes-Benz history. The 300SD Turbodiesel Sedan: the boldest forward stride since Mercedes-Benz built the world's first production Diesel 42 years ago.

Moving with the smooth and eager response you might expect only from a gasoline engine, the new Mercedes-Benz 300SD Turbodiesel Sedan responds vividly to your throttle foot even at low speeds—even in highway passing—even on long uphill climbs. This is Diesel driving as it's never been before.

Meanwhile, the Turbodiesel retains that workhorse efficiency you can only expect from a Diesel—sipping the cheapest automotive fuel sold in America, devoid of spark plugs and carburetors and points, all but immune to conventional tune-ups.

In a single technical masterstroke, Mercedes-Benz has blended the desirable traits of a gasoline and a Diesel engine into one. It is an advance significant enough to make this not just a new kind of Diesel but a unique new kind of car.

Amazing turbocharger device weighs only 17 pounds but boosts horsepower by 43 percent

Five supercharged cylinders

That technical masterstroke is the turbocharging of the 300SD's five-cylinder engine.

Named after the turbine principle it follows, a turbocharger harnesses the engine's own exhaust gases to radically increase the supply of air fed into the cylinders—literally supercharging them with air for more volatile combustion.

Turbochargers have appeared on many types of engines, but never until now on the engine of a Diesel automobile. The effect is amazing: maximum power boosted by 43 per-

cent, for example, and maximum torque by 46 percent.

And the Turbodiesel driving experience makes even those numbers pale. That old Diesel stigma of feeble torque and leisurely pickup has vanished in a burst of turbocharged energy. This is one Diesel that can break away from stoplights and tollbooths with the traffic, not behind it. That extra thrust you need on freeway entrance ramps can be found. You can sustain a normal driving pace on the Interstates, hour after hour.

Mercedes-Benz test data show that although 400 pounds heavier than its lively 300D Sedan stablemate, the Turbodiesel can zip from zero to 55 mph in 2.6 seconds—less time—placing it among the quickest Diesel cars in history.

No minor feat for an engine of only three liters or 183.00 cubic inches in capacity; yet no great surprise for an engine so efficient that it generates 601 horsepower per cubic inch of displacement—the best ratio of power to engine size of any Diesel passenger car power plant in the world.

Fuel appetite down

Starting as it may seem, this extra performance helped reduce the Turbodiesel engine's normal appetite for fuel.

Turbocharging so handily solved the Diesel need for power that it freed the engineers to specify a more economical rear axle ratio—in effect gearing the car to go further on the power produced by a given gallon of fuel.

Consider the Turbodiesel's performance. Then consider that EPA estimates show 29 mpg in highway driving and 24 mpg in the city. Naturally, your mileage will depend on the condition and equipment of your car and on where and how you drive.

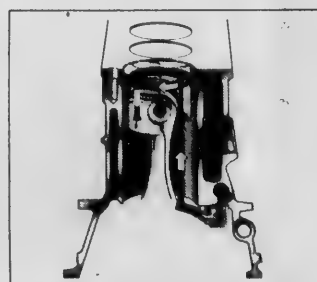

Record-breaking reliability

This breakthrough has hardly been rushed to the market. Mercedes-Benz placed the 300SD Turbodiesel engine in production only after 5 years of testing—and only after placing it in the reliability record books.

Fitted with a modified version of this engine, a C-111-3 research car went out on April 30, 1978 and set nine world records—including one stint of 2,345 miles in twelve hours at an average speed of 195.39 mph. For the entire record run, the engineers report a fuel mileage figure of 14.7 mpg.

A car apart

The Diesel turbocharging trail blazed by Mercedes-Benz with the Turbodiesel may some day be followed by others. But no Diesel engine will ever share the privilege of propelling a car like this. It is the unique combination of that

Each piston in the 5-cylinder Turbodiesel engine is cooled by a fine spray of oil injected from below

engine and this automobile that truly sets the Turbodiesel apart.

As befits the most elegant of the Diesels that Mercedes-Benz has ever built, the Turbodiesel sits on the longest wheelbase of any Diesel car produced by the company in modern times. Yet its turning circle is a tight 38 feet and its crisp handling lets you nip through hairpin bends or city traffic.

Fastidious engineering is everywhere. You glide along on a suspension that is neither spongy nor harsh but designed to provide both ride comfort and roadholding. The key is the independent suspension of all four wheels, allowing each wheel to individually react to the road surface.

Each shock absorber is gas pressurized to help cushion even minor ripples. Zero-offset steering is designed into the front suspension, meant to prevent even gaping potholes from deflecting the front wheels off a true forward line. The automatic transmission provides not just three but four speeds—and the choice of shifting for yourself if you prefer. From an all-welded monocoque body shell to 11-inch disc brakes at all four wheels, nothing from the vast store of Mercedes-Benz technical expertise has been held back.

120 safety features

You ride in a car guarded with no fewer than 120 individual safety features—many mandated not by law but by the conscience of Mercedes-Benz. The extremities of the body shell, for example, are designed to progressively crumple on front or rear impact, absorbing kinetic energy before it can strike the passenger area.

Passenger safety so concerned the designers that they even padded the shift knob, the sun visors, the upper edge of the windshield

The instrument panel is not only padded on its upper surface but meant to yield in a heavy impact. The inside rearview mirror is mounted not to resist a hard blow but to fall away.

You may never need all 120 safety features in your 300SD Turbodiesel, but you gain a constant sense of reassurance from knowing that they're there.

All this and comfort, too

This is not only the best performing Diesel car in Mercedes-Benz history but the best equipped.

Cradled in spacious and firmly upholstered seats front and rear, surrounded by thick padding and with velour carpet underfoot, you and your passengers enjoy a standard of driving comfort rarely found in any kind of car. Adjust a dial and the bi-level climate control system can automatically maintain the interior climate you prefer, summer and winter. Included also as standard equipment are electric windows, AM-FM stereo radio, automatic cruise control and a central vacuum system that automatically locks and unlocks all four doors, the trunk lid and the fuel filler port with the single twist of a key in the driver's side door.

This turbocharged five-cylinder Mercedes-Benz Diesel research car just shattered nine world speed records—including one lap at an average speed of 203.37 mph

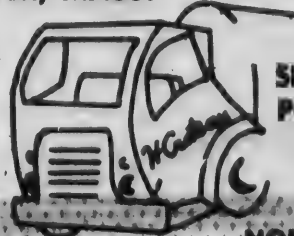

Summing it up

In 1880, the gasoline-powered automobile was pioneered by the two men who founded Mercedes-Benz. In 1936 came the world's first production Diesel passenger car, again from Mercedes-Benz. And now in 1978 begins the era of the turbocharged Diesel passenger car.

And once again, the innovator is Mercedes-Benz.

Brian P. Kirkham

Graduates From Basic Training

Air Force Reserve Airman Brian P. Kirkham, son of Mr. and Mrs. Richard J. Kirkham Sr. of 4 Cella St., Andover, has graduated at Lackland AFB, Tex., from Air Force basic training.

The airman studied the Air force mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Kirkham now goes to Sheppard AFB, Tex., for specialized training in the aircrew operation field.

The airman is a 1978 graduate of Greater Lawrence Regional Vocational Technical High School.

Peter Nero In Concert

The University of Lowell Foundation, Inc. begins its Third Cultural Season with a live performance by Peter Nero and the University Symphony Orchestra on Saturday evening Nov. 25, at 8:30 p.m. at Durgin Hall. An internationally known pianist, composer, conductor and arranger, Peter Nero has delighted audiences throughout the world with his showmanship and magnificent musical genius. His unique style, a combination of jazz, classical and "pop", result in a performance unequalled in excitement and

sophistication.

For his one night performance in Lowell, (as guest conductor and feature pianist) Peter Nero will also be conducting the University of Lowell Symphony Orchestra. Mr. Nero's program will be selected from the following pieces; Overture from "Anne Frank"; Diary of a Young

Girl," "Rhapsody in Blue", "Mountain Greenery", "Night and Day" and "Jesus Christ, Superstar." A segment of the program will be performed by the Peter Nero Trio.

Appointed Vice-Pres. At Badger

G. T. Flint

The Badger Company, Inc., a Raytheon company, announces the appointment of G. T. Flint as vice president of its new energy subsidiary, Badger Energy, Inc.

Since June of 1977 he has been assistant to the president of The Badger Company, Inc. and will continue in that capacity. Flint joined Badger in 1973 as project manager. In 1975 he became a sales engineer and in early 1977 was named director of sales for Badger Plants.

Flint graduated from Washington University where he received both a bachelor of science degree in chemical engineering and a masters of business arts. He resides with his wife, Darlene, and their two children in Andover.

Old Time Handcrafts

The "Spirit of Yankee Ingenuity" Craft Sale will be held Nov. 24 and 25 at the Wendell P. Clark Memorial Building, Cen-

tral Street, Winchendon. Hours will be 10 to 5 both days. The sale will feature Old Tyme handcrafts.

Gerard Lavoie, of Methuen, Mass. has been selected to participate with his glassblowing. Gerard uses the technique

known as lampwork to fashion his Christmas ornaments, vases and baskets.

The game of horseshoes may have stemmed from the ancient Greek sport of discus throwing. Roman soldiers used horseshoes the same way Greek athletes used the discus.

SPECIAL TOWN MEETING WARRANT

The Commonwealth Of
Massachusetts
ESSEX, SS.

To either of the Constables of the Town of Andover
Greeting:

In the name of the Commonwealth you are hereby required to notify and warn the Inhabitants of said Town who are qualified to vote in Town affairs to meet and assemble at the Memorial Auditorium, Bartlet Street, in said Andover, on

MONDAY, THE ELEVENTH DAY OF
DECEMBER, 1978

at 7:30 P.M. to act upon the following articles:

ARTICLE 1. To see if the Town will vote to amend Paragraph 1 of Article 60 adopted at the April, 1978 Town Meeting to read as follows:

1. Renovation of and/or additional classrooms at the East Junior High School or new construction of a replacement facility at a site within the Town of Andover owned by the Town.

Inserted at the request of the School Committee.

ARTICLE 2. To see if the Town will vote to raise by transfer from available funds and appropriate the sum of \$150,000.00 for the purpose of constructing a sewer connecting the West Andover Raytheon Plant to the gravity sewer on Lowell Street.

Inserted by the Board of Selectmen.

And you are directed to serve this warrant by posting attested copies and publication thereof, fourteen days, at least before the time and place of said meeting as directed by the By-Laws of the Town.

Hereof fail not, and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this thirteenth day of November, A.D., 1978.

Dick's TV — Now TWO STORES To Serve You Better

Dick's TV, well known in this area for quality television and appliances, has recently added a new addition to its TV family — Dick's Salem TV, 346 So. Broadway, Salem, N.H. That's right, in addition to their store at 466 Haverhill Street in Lawrence, Dick's TV has recently purchased the former Salem TV on Rte. 28, where you may now purchase the same quality products and enjoy the same dependable service.

Owner Dick Dube, an Andover resident, invites you to stop in soon at either store and see the newest 1979 Zenith, RCA and Magnavox television and stereo systems. A complete service department of factory trained technicians and a large fleet of radio dispatched trucks offers expert service on television and appliances.

Zenith for '79 announces a break-through in color TV, Zenith System 3, designed to be the best performing, most reliable Color TV in Zenith history... featuring tri-focus picture tube, triple-plus chassis, and automatic color sentry.

The new RCA color television offers more advanced features than in any previous RCA color TV. It's the ColorTrak XL-100... with all new electronic remote Scan Control and automatic color control.

Magnavox introduces the first computer television, the Magnavox Star System, touch-tune color TV you Touch-tune by computer directly to any channel. No need to fine tune — ever; it's all done for you automatically.

Dick's TV also features the ex-

citing RCA SelectaVision video cassette recorders. Record TV shows for playback any time. Zenith integrated stereo systems for 1979 produce the clear, rich stereo sound you have always wanted. Or you may wish to enjoy the look and sound of excellence in Magnavox stereo and home entertainment centers.

Other holiday gift ideas from Dick's TV are Whirlpool microwave ovens, refrigerators, dishwashers, freezers, dryers or electric ranges. In gas ranges, choose from new Caloric, Glenwood and Magee models.

Visit Dick's TV at 466 Haverhill Street, Lawrence: open Tues. & Fri. till 9, other days till 6; tel. 686-3584. Or Dick's Salem TV, 346 So. Broadway, Salem, N.H.; open nights till 9, except Sat.; tel. 893-3831.

LEGAL NOTICES

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by DENNIS C. STACKHOUSE, Trustee of Greenbriar Realty Trust, u/d/t dated September 23, 1977, to Essex Broadway Savings Bank, a corporation duly established under the laws of the Commonwealth of Massachusetts, having its usual place of business at Lawrence, Essex County in said Commonwealth, dated September 27, 1977, recorded with North Essex Registry of Deeds, Book 1320, Page 433, of which mortgage the undersigned is the present holder, for breach of the conditions contained in said mortgage and for the purpose of foreclosing, the same will be sold at PUBLIC AUCTION ON THE PREMISES at Lot 29 GREENBRIAR CIRCLE (formerly Creed Court) at the intersection of Heaven's Way, (now known as Grey Birch Road) ANDOVER, MASSACHUSETTS, ON TUESDAY, DECEMBER 19, 1978, AT TWO-THIRTY O'CLOCK P.M., all and singular the premises described in said mortgage, to wit:

That parcel of land, with buildings thereon, in said Andover shown as Lot 29 on a plan entitled "Heaven's Crest" in Andover, Massachusetts, dated November 5, 1973, by Merrimack Engineering Services, and recorded with the North Essex Registry of Deeds as Plan No. 7036. Lot 29 is bounded according to said Plan as follows:

NORTHERLY by the curved intersection of Heaven's Way (now known as Grey Birch Road) and Creed Court (now known as Greenbriar Circle), 31.42 feet; NORTHWESTERLY by Creed Court, (now Greenbriar Circle) as shown on said Plan, 205.00 feet; SOUTHWESTERLY by Lot 36, as shown on said Plan, 200.49 feet; SOUTHEASTERLY by Lot 30, as shown on said Plan, 225.00 feet; and NORTHEASTERLY by Heaven's Way, (now Grey Birch Road) as shown on said Plan, 180.49 feet. Containing, as shown on said Plan, 45,024 square feet of land.

The premises will be sold subject to certain Restrictive Covenants, which shall run with the land and shall remain in force until June 1, 1989, which Restrictive Covenants, being numbered 1-4, are set forth in full in a deed from Dennis C. Stackhouse, Trustee of Essexwood Realty Trust, to John B. LaFrance, Trustee of L & R Realty Trust, dated August 12, 1977, and recorded at the North Essex Registry of Deeds in Book 1316, Page 185.

The premises will be sold subject to any and all unpaid taxes and other municipal assessments and liens, and subject to prior liens and other enforceable encumbrances of record entitled to precedence over said mortgage.

Three Thousand Dollars will be required to be paid in cash or certified check or bank treasurer's check by the purchaser at the time and place of the sale. Other terms will be announced at the sale.

Real Estate

By DOUGLAS N. HOWE

REALTOR

RENTING OUT YOUR HOME

Your home becomes a business if you rent it out either for a year or some seasonal period such as the summer. The costs of running the property are subtracted from the rent to determine the net income from the operation — just as would be done in any other business. Among the expenses that can be charged off are interest on the mortgage, maintenance and repairs, agent's fees, utilities if you pay them, insurance premiums, annual depreciation, and improvements.

If you sell a house you rented as against a home occupied by the owner — there are important tax differences. Depreciation claimed

must be subtracted from the cost of the house. You can't defer the profit from the sale by buying another house. However, you can charge off a loss on the sale against your income for the year.

Tax-wise, renting out your home is a whole new ball game. So as not to pass up any moneysaving deductions, I suggest you put your return in the hands of a good accountant.

If there is anything we can do to help you in the field of real estate, please phone or drop in at THE HOWE AGENCY, 4 PUNCHARD AVE., ANDOVER. Phone: 475-5100. We're here to help.

ANDOVER

ANDOVER — BOXFORD

CARRY ON THE TRADITION

Historic 9 room Colonial-Circa 1760 — with acres of woods. Spread out your Holiday gourmet offerings in this warm handsome dining room with old pine panelling, fireplace, cupboards, H & L hinges, wide floor boards. Or have cider in front of the huge fireplace with it's iron grate in the cozy family room completely pine panelled — all so close to the neat well-equipped eat-in kitchen, laundry room and lav. The front room is formal and charming with more beautiful woodwork. 4 or 5 excellent light sunny bedrooms with 3 modern baths. All the best of the old and comforts of the new. You will be thrilled and satisfied — make an appointment today. Taxes \$1800.

\$165,000

Charming Colonial in executive area abutting State forest lands. Center entrance with slate floor foyer, living room with brick fireplace and sliders to large yard, and another brick fireplace in the family room which opens to delightful deck. Four bedrooms — all hardwood floors, 2½ baths. 3rd fireplace in basement which is a separate heat zone. Beautiful cul de sac location and terrific livability make this a must-see home.

\$112,000

Hard to find — A good size Colonial at \$72,000. We have one! The living room with bay window and fireplace — very open and pleasant, a dining room larger than average, 3 bedrooms, breezeway room and double garage.

This is the time to buy land

Good investments — one acre house lots in North Andover, fully percolated and ready to go. Easy access to Andover, North Andover, Boxford and routes to Boston. In a neighborhood of beautiful homes with low taxes.

THE GOLD COATS ARE HERE!

and there

and almost everywhere!

CENTURY 21 was conceived in Irvine, California a mere seven years
ago. Now there are more than 6000 offices and more than 60,000
proud people wearing those familiar "Gold Coats" from coast to
coast. In just seven years, **CENTURY 21** came from no-where to become
the largest real estate brokerage operation in the
WORLD!

Last year **CENTURY 21** sold over \$15 Billion worth of real estate.

Now, that's a success story!

P.S. Our **VIP Referral System** is the largest in the world. More impor-
tant — it really works.

We're proud to be your neighborhood professionals.

Are you overlooking an extraordinary way of life?

These people are.

They're residents of Millpond. An extraordinary community of contemporary townhomes in historic North Andover.

At Millpond, a firm regard for the traditions of the past exists side by side with a healthy respect for the joys of modern living.

Take the townhomes themselves. Like the land they occupy, they are bold, rugged, and natural on the outside. Gracious, expansive, and fully convenient on the inside.

There are tennis courts here. A swimming pool. A private beach and boat dock on historic Stevens Pond.

There are nature trails. And ski trails. And riding paths. All on 22 of the most beautiful acres of New England countryside you've ever seen.

The Millpond lifestyle begins at \$78,800. Why not come out sometime, and take a careful look at this carefully planned community.

To get here, take Rt. 495 to the Mass. Avenue exit (North Andover). Turn left on 125, and one-half mile later, turn right on Pleasant St. Millpond is one-quarter mile down, on Stevens Pond. From Rt. 128, take 93 North to Exit 15 (Rt. 125 to North Andover). At 114/125, turn left. Bear right at first traffic light, staying on 125. Turn right on Pleasant St., about 1½ miles down. Millpond is a quarter of a mile away.

VICTOR
THE VICTOR COMPANY, INC. REALTORS

Raytheon

(Continued from Page One)

problem to anybody who succeeds me," indicating assurance that the line would be engineered and installed properly.

Despite information on the plant providing recycling to save on water and other natural resources and the fact that the town will realize some \$400,000 in additional tax revenue from the town's top taxpayer, traffic was the prime problem.

Andrew Morse, administration manager, who is in charge of traffic at the plant, among other duties, explained that the move from Shawsheen to the new addition will result in some 555 cars being added.

Of the total, there will be 66 per cent using Routes 93 and 495, and an attempt will be made to bring much of the traffic in off the Dascomb Road exit off 93 to a parking lot location next to the new construction.

John Hanley, 384 Lowell St., described Lowell street traffic conditions at present as horrendous, adding that the section of town is an "area of forgotten people." He said other services are lacking in the area.

Charles McBride of Bellevue Road, said he was one of those opposed to the move in 1968, but has since found the company to be a good neighbor. He asked however, if some steps could be taken to allow people to exit and enter Bellevue during the Raytheon traffic periods, speaking also of a slight incline at the intersection what causes problems in cold and icy weather.

Mrs. Judith Wright also of Bellevue road said it is difficult to take children into town when they return from school, due to the inability to get out of driveways and onto Lowell street during Raytheon traffic periods.

Morse showed a letter being sent to all

employees asking that courtesy be accorded to residents of the area attempting to enter or exit driveways. The letter was to be sent by Glaser this week.

Raytheon and IRS, located across Route 93 on Lowell street, alternate release of help at the end of the day in an effort to alleviate major traffic tieups. He also said that the new shift being brought in from Shawsheen would start and end the day a half-hour earlier, in a further effort to relieve peak traffic periods.

As to making certain parking lots and traffic patterns mandatory for employees as a control effort, Morse said such an effort was impossible.

He said that car pools are provided choice parking spots to encourage such ac-

tivity, but it is virtually impossible to tell an employee which was to enter the lot or where the vehicle must be parked.

Traffic consultants retained by Raytheon a few years ago made some recommendations, which when implemented, resulted in chaos and accidents, Morse said.

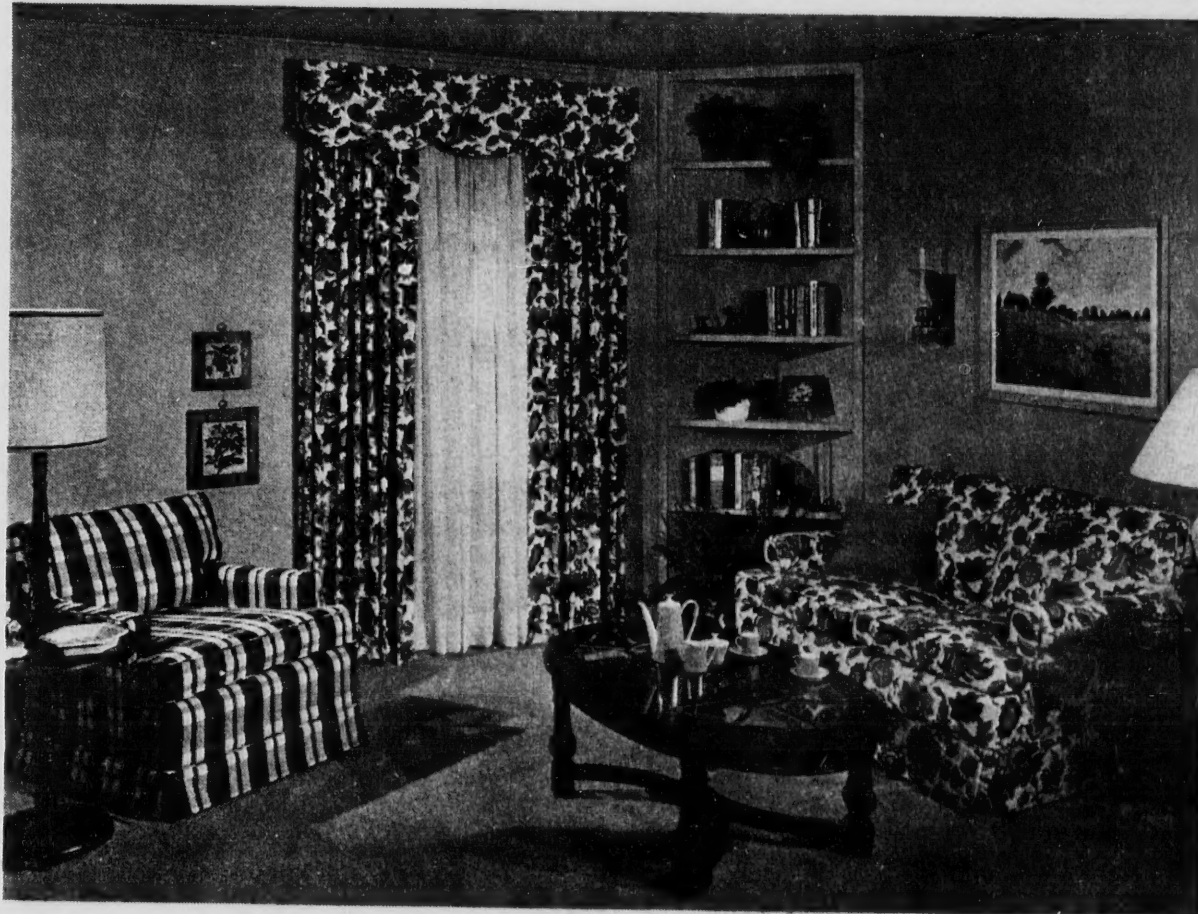

Erickson met with many of the neighbors following the close of the hearing to listen to their problems.

Triple-A reminds drivers that autumn leaves can be as slippery as ice. Damp, muddy leaves accumulated in the street should be negotiated carefully, driven around whenever practical. And, beware of children playing in leaf piles.
